

CONFERENCE OBJECTIVES

1. Identify the core elements of palliative care and hospice and how they may be integrated into clinical practice by primary care providers.
2. Distinguish between appropriate and inappropriate use of the POLST Form in advance care planning.
3. Describe strategies for providing respectful care to patients of diverse populations.
4. Discuss how to have advanced care planning conversations with patients near the end of life, and how to utilize spiritual care resources.
5. Develop effective communication skills for opioid pain management.

TARGET AUDIENCE

Designed for physicians, nurses, social workers, pharmacists, chaplains, psychologists and other allied health care professionals involved in care of patients with life-threatening illness.
