

CONTINUING MEDICAL EDUCATION

Multidisciplinary Aortic Dissection Symposium June 23-24, 2017

Portland, Ore.

10 AMA PRA Category 1 Credits™

KNIGHT
CARDIOVASCULAR
Institute

Invited faculty

James H. Black, III, M.D., F.A.C.S.

David Goldfarb, M.D. Associate Professor of Surgery; Chief of Vascular Surgery and Endovascular Therapy
Johns Hopkins Hospital

Shiv Kumar Choudhary, M.D., M.Ch.

Addl. Professor; Department of Cardiothoracic & Vascular Surgery
All India Institute of Medical Sciences, New Delhi

Michael Dake, M.D.

Thelma and Henry Doelger Professor of Cardiothoracic Surgery; Interventional Radiologist
Stanford University

John Elefteriades, M.D.

William W.L. Glenn Professor of Cardiothoracic Surgery; Founding Director of Aortic Institute
Yale-New Haven Hospital

Joseph Lombardi, M.D., F.A.C.S.

Professor of Surgery; Head of Division of Vascular and Endovascular Surgery; Director of Cooper Aortic Center
Program Director of Vascular and Endovascular Surgery Fellowship; Director of Level One Vascular Emergency Program
Cooper University Health Care

Dianna Milewicz, M.D., Ph.D.

President George H.W. Bush Chair of Cardiovascular Medicine; Vice Chair of Department of Internal Medicine
Director of Division of Medical Genetics; Director of M.D./Ph.D. Program; Director of John Ritter Research Program
University of Texas Science Center- Houston Medical School

Eric Roselli, M.D.

Teaching faculty; Director of Aorta Center; Staff Surgeon of Department of Thoracic and Cardiovascular Surgery
Cleveland Clinic

David Williams, M.D.

Professor, Vascular Radiology and Interventional Radiology
University of Michigan

Case presenters

Frank Davis, M.D.
University of Michigan

Jeremy Dunn, M.D.
Fraser Valley Vascular Group

Vikram Iyer, M.D.
McMaster University

Darren Klass, M.D.
Vancouver Coastal Health Research Institute

Thomas Lindsay, M.D.C.M.
University of Toronto

Wayne Nelson, M.D.
Bend Memorial Clinic

Joel Price, M.D., M.P.H.
University Of British Columbia

Brant Ullery, M.D.
Providence Health & Services Oregon

Faculty planning committee

Cherrie Abraham, M.D.
Director, Aortic Program,
OHSU Knight Cardiovascular Institute;
Vascular Surgeon, OHSU

Ryan Schenning, M.D.
Vascular and Interventional Radiologist, OHSU

Greg Landry, M.D.
Vascular Surgeon, OHSU

Jai Raman, M.D, Ph.D.
Cardiothoracic Surgeon, OHSU

Registration

Register online at www.ohsuknightheart.com/aorticsymposium

Registration fees

Physicians: \$449

Advance practice providers: \$349

Scientists / industry professionals: \$349

Nurse, surgical technicians: \$249

Medical students / surgical fellows: \$49

The conference registration fee includes online syllabus material, continuing medical education credits, meals and refreshment breaks where specified in the agenda. And free admission to the Shining Light after party, June 23, 2017. Visit aortamatters.eventbrite.com to register. For registration questions or more information, please call 503-494-7866 or email coch@ohsu.edu.

Cancellation and refunds

The conference registration fee is refundable minus a \$35 processing fee if cancellation notice is received by June 16, 2017. After that date, the registration fee is 50% refundable until June 8, 2017. No refunds will be issued after that date.

Continuing education information

Accreditation

Oregon Health & Science University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit

OHSU School of Medicine designates this live activity for a maximum of 10 *AMA PRA Category 1 Credits*.™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physician assistants

The National Commission on Certification of Physician Assistants (NCCPA) states that *AMA PRA Category 1 Credit*™ is acceptable for continuing medical education requirements for recertification.

Radiologists

This course is accredited by the American Society of Radiologic Technologists for 11.75 credits.

Nurses

The American Nurses Credentialing Center (ANCC) accepts *AMA PRA Category 1 Credit*™ issued by organizations accredited by the ACCME, for the purpose of recertification.

Who should attend

This symposium is designed for clinicians, advanced practitioners and allied health professionals interested in the treatment and management of patients with complex aortic disease.

CME certificate information

Attestation Forms will be available on-site. Please turn your completed attestation form in at the end of the conference and your credit hours will be submitted to OHSU. OHSU's CME department will email your certificate in approximately 30 days. Please call 503-635-4761 option 2 if you have any questions.

Multidisciplinary Aortic Dissection Symposium

June 23–24, 2017

Oregon Health & Science University (OHSU) Knight Cardiovascular Institute is pleased to present the inaugural Multidisciplinary Aortic Dissection Symposium. This one-and-a-half-day symposium will feature internationally recognized opinion leaders on complex aortic disease. It is designed for clinicians and advanced practitioners in the treatment and management of patients with aortic dissection.

This conference offers a unique focus on type A and B aortic dissection in a multidisciplinary environment that includes vascular and cardiothoracic surgeons, interventional radiologists, cardiologists, and aortic geneticists.

Course objective

Attendees will learn the latest advances in diagnosis, imaging and medical, endovascular, and surgical treatment. Please visit www.ohsuknightheart.com/aorticssymposium for more information and to register.

Location

The Symposium will be held in the state of the art Collaborative Life Sciences Building.

Collaborative Life Sciences Building

2730 S.W. Moody Ave.

Portland, OR, 97201

Hotel accommodations

Stay at the Hyatt House in Portland's scenic South Waterfront district. The Hyatt House is conveniently located just a short walk away from the conference venue. A limited number of hotel rooms here are being held at a discounted room rate of \$174 for conference attendees. Please visit portlanddowntown.house.hyatt.com to learn more or call 1-800-633-7313 for reservations. If calling, use corporate code G-KNIG to redeem the discount. Discounted rate is good through June 8, 2017.

Hands-on endovascular workshop

During the symposium, a half-day course is offered for operating room nursing and support healthcare professionals to increase knowledge and skills in complex aortic interventions. Three session times are available to choose from: Friday morning, Friday afternoon and Saturday morning.

Course will cover various methodologies of complex aortic intervention procedures, including hands-on, step-by-step instruction of the modality of endovascular aortic repair (EVAR) procedures. Participants will learn how to anticipate surgeon's needs, decrease case time, increase patient safety and success rates. 4.5 CEUs are offered for this course. Space is limited. Registration required.

Participants in this course can learn:

1. To understand the benefits of EVAR procedure
2. To gain knowledge of room setup and overall equipment needs
3. To understand all procedural steps; how and why?
4. To gain knowledge of the preparation and proper handling of all devices and accessories required (such as wires, catheters, balloons, sheaths and implantable devices)
5. To understand the different requirements for elective vs. emergent EVAR cases.

Agenda

FRIDAY, JUNE 23, 2017

6:30 a.m.	Registration
7:15 a.m.	BREAKFAST SYMPOSIUM SPONSORED BY COOK MEDICAL Lessons learned from the STABLE trials Joseph Lombardi, M.D.
8 a.m.	Opening remarks Cherrie Abraham, M.D.
8:10 a.m.	The genetic basis of familial thoracic aortic aneurysms and dissection – from bench to bedside Dianna Milewicz, M.D., Ph.D.
8:40 a.m.	How do we predict who will develop type A or type B aortic dissection? John Elefteriades, M.D.
8:55 a.m.	Managing type B aortic dissection in patients with genetically triggered aortopathy James Black, III, M.D.
9:10 a.m.	Questions and discussion panel Moderated by Jai Raman, M.D., Ph.D.; Gregory Moneta, M.D.
9:30 a.m.	Aortic dissection case presentations Darren Klass, M.D.; Wayne Nelson, M.D.; Ryan Schenning, M.D.
10:15 a.m.	Break – refreshments and exhibit fair
10:45 a.m.	Imaging and aortic dissection David Williams, M.D.
11:00 a.m.	Update on the Yale aortic imaging study John Elefteriades, M.D.
11:15 a.m.	Type A aortic dissection – risks, benefits and evidence for fast efficient repair versus mid to long term durable repair Jai Raman, M.D., Ph.D.

11:30 a.m.	<p>Frozen elephant trunk and endovascular possibilities in type A aortic dissection. Should everyone be treated this way? Technical aspects.</p> <p>Eric Roselli, M.D.</p>
11:45 a.m.	<p>Proximal covered stent graft vs. stable repair vs. stabilize repair for symptomatic type B dissection</p> <p>Joseph Lombardi, M.D.</p>
Noon	<p>Questions and discussion panel</p> <p>Moderated by Victor Rodriguez, M.D.; Ryan Schenning, M.D.</p>
12:20 p.m.	<p>LUNCH SYMPOSIUM SPONSORED BY WL GORE</p> <p>Advancing aortic and thoracic treatment – present and future</p> <p>Byron Seth DeCamp, M.D.; Eric Roselli, M.D.; Michael Dake, M.D.</p>
1:30 p.m.	<p>Management of hypertension associated with aortic dissection in the ICU</p> <p>Marshall Lee, M.D.</p>
1:40 p.m.	<p>Outpatient management of hypertension in chronic aortic dissection</p> <p>Shimoli Shah, M.D.</p>
1:50 p.m.	<p>Management of aortic dissection in the non-compliant and difficult patient</p> <p>Ryan Schenning, M.D.</p>
2:00 p.m.	<p>Bicuspid aortic valve and aortic dissection</p> <p>Craig Broberg, M.D.</p>
2:10 p.m.	<p>The rescue of GenTAC and future consequences for the study of aortic dissection</p> <p>Cheryl Maslen, Ph.D.</p>
2:20 p.m.	<p>Aortic dissection case presentations</p> <p>Thomas Lindsay, M.D.C.M.; Jeremy Dunn, M.D.</p>
2:50 p.m.	<p>Break – refreshments and exhibit fair</p>
3:15 p.m.	<p>Interventional tips and tricks for complex aortic dissection</p> <p>David Williams, M.D.</p>
3:30 p.m.	<p>Management strategies for persistent false lumen perfusion in acute and chronic aortic dissection</p> <p>Michael Dake, M.D.</p>

3:45 p.m.	Diagnosis and treatment of penetrating aortic ulcer (PAU) and intramedial hematoma (IMH) Eric Roselli, M.D.
4 p.m.	Treatment options for end organ ischemia after symptomatic type A and B dissection Joseph Lombardi, M.D.
4:15 p.m.	Panel discussion and questions Moderated by Enjae Jung, M.D.; James Black, III, M.D.
4:20 p.m.	Aortic dissection case presentations Vikram Iyer, M.D.; Brant Ullery, M.D.
5–6 p.m.	Happy hour featuring Pacific Northwest wine and cheese tasting
6–9 p.m.	Shining Light Party: Shining a light on aortic disease Special performance by soul, R&B, and funk band, Ural Thomas and the Pain

SATURDAY, JUNE 24, 2017

6:30 a.m.	Registration
7:15 a.m.	BREAKFAST SYMPOSIUM SPONSORED BY MEDTRONIC Multi-disciplined approach to an acute aortic center Eric Roselli, M.D.
8 a.m.	Opening remarks Jai Raman, M.D., Ph.D.
8:10 a.m.	Review acute and chronic aortic dissection trials Greg Landry, M.D.
8:30 a.m.	Why build an aortopathy clinic for pediatric to adult multidisciplinary care? Kathryn Holmes, M.D., M.P.H.
8:40 a.m.	IRAD strengths and weaknesses John Elefteriades, M.D.
9 a.m.	Endovascular devices used in aortic dissection – are all stent grafts created equally? Future technology Eric Roselli, M.D.

9:15 a.m.	<p>Open repair and the role for endovascular repair in aneurysmal degeneration of chronic type B aortic dissection</p> <p>James Black, III, M.D.</p>
9:30 a.m.	<p>Panel discussion and audience questions</p> <p>Moderated by Tim Liem, M.D.; Jai Raman, M.D., Ph.D.</p>
9:45 a.m.	<p>Common carotid artery cannulation for arterial inflow and antegrade cerebral perfusion during acute Type A dissection repair</p> <p>Shiv Choudhary, M.D., M.Ch.</p>
10 a.m.	<p>Break and visit exhibits</p>
10:30 a.m.	<p>What have we learned and can we learn from the Fibrillin-1 gene as a marker for aortic dissection?</p> <p>Lynn Sakai, Ph.D.</p>
10:45 a.m.	<p>Aortic dissection case presentations</p> <p>Frank Davis, M.D.; Joel Price, M.D., M.P.H.</p>
11:15 a.m.	<p>Lessons learned over 20 years of success and failure in endovascular treatments of chronic aortic dissection</p> <p>Michael Dake, M.D.</p>
11:45 a.m.	<p>Closing remarks</p>
Noon	<p>Adjourn</p>

OHSU Knight Cardiovascular Institute
