Inspection

Type: ROUTINE INSPECTION

Date: NOV-26-2007

A team inspection was conducted on 11/26-27/2007 in response to a complaint, and was accompanied by facility veterinarians and the operations manager.

Contact was also made with other facility personnel, department heads, and animal care staff.

No non-compliant items were identified during the inspection.

This report was conducted over a two day period (November 26-27, 2007). It was conducted in response to a complaint by the animal rights group PETA after one of their employees obtained a job at the primate center to conduct an undercover investigation for several months.

The Oregon National Primate Research Center received a clean bill of health.
