

SCHOOL OF MEDICINE
Oregon Health & Science University

Assistant Professor Position

Department of Molecular Microbiology and Immunology

School of Medicine, Oregon Health & Science University, Portland

Portland, Oregon

Competitive salary commensurate with academic rank + benefits

Oregon Health Science University

The Department of Molecular Microbiology and Immunology, in collaboration with the Department of Behavioral Neuroscience, invite applications at the Assistant Professor level to work on the basic or translational aspects of neuroimmunology. Ideal candidates should have highly interactive research programs with the potential to synergize or enhance those of the department and the institution. Areas of interest include but are not limited to microbial pathogenesis in the nervous system, neural-immune signaling, gut-brain axis, and overall neuroinflammation.

Applicants should arrange to have three confidential letters of reference sent to mmisearch@ohsu.edu and submit a single PDF file containing a cover letter, CV, and a three-page statement of research interests. Please name the file as: **Applicant'sLastName.Applicant'sFirstName.pdf**.

The position will remain open until filled and application review will begin immediately.

More information about the department is available at <http://www.ohsu.edu/mmi>

Oregon Health & Science University values a diverse and culturally competent workforce. We are proud of our commitment to being an equal opportunity, affirmative action organization that does not discriminate against applicants on the basis of any protected class status, including disability status and protected veteran status. Individuals with diverse backgrounds and those who promote diversity and a culture of inclusion are encouraged to apply. To request reasonable accommodation contact the Affirmative Action and Equal Opportunity Department at 503-494-5148 or aaeo@ohsu.edu
