

# Cell, Developmental & Cancer Biology 2019 Summer Research Internship Program

The goal of this program is to engage scientific curiosity in the next generation of scientists, challenging qualified college undergraduates to consider basic science research-related careers and providing them with initial experiences required to be competitive for science related continued education and careers in the future.

## THE CDCB SUMMER INTERNSHIP OFFERS:

- Direct hands-on experience in running basic lab techniques.
- An introduction to experimental design and critical thinking.
- Participation in a guided project facilitated by a departmental researcher.
- Development of written and oral communication skills.
- Various networking opportunities with a community of scientists.
- Both wet and dry lab experiences are available.

## WHEN WILL THE INTERNSHIP TAKE PLACE?

Our internship program begins on Tuesday, June 4, 2018 and ends on Friday, August 9, 2018. A later start date is available for those who get out of school later in the month.

## WHERE WILL THE INTERNSHIP TAKE PLACE?

The Department of Cell, Developmental & Cancer Biology and Knight Cancer Institute Laboratories on the OHSU Marquam Hill and South Waterfront campuses in Portland, OR.

## WHERE CAN I APPLY?

View departmental research and find the program application at [www.ohsu.edu/cdcb](http://www.ohsu.edu/cdcb). **All application materials are due by February 15, 2019.** No late applications will be accepted.
