Required Materials

P. Farmer, J. Y. Kim, A. Kleinman, M. Basilio, *Reimagining Global Health: An Introduction*, University of California Press, Berkeley, 2013. ASIN: B00I613PWU. MSRP: \$44.00.

Optional Materials

D. Hunter and H. Fineberg, *Readings in Global Health: Essential Reviews from The New England Journal of Medicine*, Oxford University Press, Oxford, 2016. ISBN-10: 0190271221. MSRP: \$38.00. (Note: any readings from this book are also available in The New England Journal of Medicine and can be obtained free through the OHSU Library.)

Pricing for textbooks may vary by retailer. Additional information about pricing, electronic options (e.g. Kindle), rentals, and used copies is available through your favorite online vendor. Additional readings will be made available through the Sakai learning platform.

Course Description

This course is a survey of historical and current issues in global health. Weekly assignments include one or more readings from the text book and other sources. The end-of-course deliverable will be a brief paper analyzing a current issue in global health (e.g., 2019 Ebola epidemic in The Democratic Republic of Congo, multi-drug resistant tuberculosis, etc.)
