	Jonathan Purnell	9:30	Break
9:45	Break	3.30	- Court
		10:00	Talk 8: Left ventricular hypertrophy, when is it more than hypertension?
10:00	Cardiovascular Risks with Common Medication		Catherine Wong
	Bruce Warden	11:00	Talk 9: Hypertension Tips and Pearls: Who not to Treat Based on Guidelines
10:45	Talk 4: Nutraceuticals	11.00	Joaquin Cigarroa
	Tracy Severson		
11:30	Lunch	12:00	Adjourn
1:00	Interactive Break-Out Session I		Sunday, November 3, 2019
1:00	Topic 1 Interactive ECG Roundtable	7.20	
1:00	Topic 1 Interactive ECG Roundtable Babak Nazer	7:30	Sunday, November 3, 2019 Breakfast
1:00	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes	7:30 8:00	Breakfast
1:00	Topic 1 Interactive ECG Roundtable Babak Nazer		
1:00	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson		Talk 10: Perioperative Management of Cardiovascular Medicine
	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson Residual Risk of Triglycerides and how OHSU Incorporates them	8:00	Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud
	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson		Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud Talk 8: Patient with Aortic Aneurysm: What next?
1:45	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson Residual Risk of Triglycerides and how OHSU Incorporates them	8:00	Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud
1:45	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson Residual Risk of Triglycerides and how OHSU Incorporates them Break	8:00	Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud Talk 8: Patient with Aortic Aneurysm: What next?
1:45 2:00	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson Residual Risk of Triglycerides and how OHSU Incorporates them Break Interactive Break-Out Session II (Repeat of first break-out session)	8:00	Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud Talk 8: Patient with Aortic Aneurysm: What next?
1:45 2:00	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson Residual Risk of Triglycerides and how OHSU Incorporates them Break Interactive Break-Out Session II	8: 00 8: 45 9:30	Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud Talk 8: Patient with Aortic Aneurysm: What next? Abigail Khan Break
L:45 2:00 2:45	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson Residual Risk of Triglycerides and how OHSU Incorporates them Break Interactive Break-Out Session II (Repeat of first break-out session) Break	8:00 8:45	Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud Talk 8: Patient with Aortic Aneurysm: What next? Abigail Khan Break Talk 12: Diabetes, claudication & Peripheral Artery Disease Cases
1:45 2:00 2:45	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson Residual Risk of Triglycerides and how OHSU Incorporates them Break Interactive Break-Out Session II (Repeat of first break-out session)	8: 00 8: 45 9:30	Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud Talk 8: Patient with Aortic Aneurysm: What next? Abigail Khan Break
1:45 2:00 2:45 5:00	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson Residual Risk of Triglycerides and how OHSU Incorporates them Break Interactive Break-Out Session II (Repeat of first break-out session) Break	8: 00 8: 45 9:30	Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud Talk 8: Patient with Aortic Aneurysm: What next? Abigail Khan Break Talk 12: Diabetes, claudication & Peripheral Artery Disease Cases
1:45 2:00 2:45 5:00	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson Residual Risk of Triglycerides and how OHSU Incorporates them Break Interactive Break-Out Session II (Repeat of first break-out session) Break Cocktail Dinner	8: 00 8: 45 9:30	Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud Talk 8: Patient with Aortic Aneurysm: What next? Abigail Khan Break Talk 12: Diabetes, claudication & Peripheral Artery Disease Cases Nick Kinder (topic TBD) Talk 13: Substance and Cardiomyopathy
1:45 2:00 2:45 5:00	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson Residual Risk of Triglycerides and how OHSU Incorporates them Break Interactive Break-Out Session II (Repeat of first break-out session) Break Cocktail Dinner Keynote: Evaluation of Chest Pain in the PCP office:	8:45 9:30 10:00	Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud Talk 8: Patient with Aortic Aneurysm: What next? Abigail Khan Break Talk 12: Diabetes, claudication & Peripheral Artery Disease Cases Nick Kinder (topic TBD)
1:45 2:00 2:45 5:00	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson Residual Risk of Triglycerides and how OHSU Incorporates them Break Interactive Break-Out Session II (Repeat of first break-out session) Break Cocktail Dinner Keynote: Evaluation of Chest Pain in the PCP office: What is the right test and what do the results mean?	8:45 9:30 10:00	Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud Talk 8: Patient with Aortic Aneurysm: What next? Abigail Khan Break Talk 12: Diabetes, claudication & Peripheral Artery Disease Cases Nick Kinder (topic TBD) Talk 13: Substance and Cardiomyopathy
1:45 2:00 2:45 5:00 5:30	Topic 1 Interactive ECG Roundtable Babak Nazer Topic 2 Outpatient Stress Test: How to Choose the Right Tes Catherine Wong, Tami Atkinson Topic 3 Cases in Lipid Management: A multidisciplinary approach Cezary Wojcik, Bruce Warden, Tracy Severson Residual Risk of Triglycerides and how OHSU Incorporates them Break Interactive Break-Out Session II (Repeat of first break-out session) Break Cocktail Dinner Keynote: Evaluation of Chest Pain in the PCP office:	8:45 9:30 10:00	Talk 10: Perioperative Management of Cardiovascular Medicine George Giraud Talk 8: Patient with Aortic Aneurysm: What next? Abigail Khan Break Talk 12: Diabetes, claudication & Peripheral Artery Disease Cases Nick Kinder (topic TBD) Talk 13: Substance and Cardiomyopathy
