

Getting Started: Living with Memory Concerns

Understanding pathways to support, future planning and resources for those with memory problems and their care partners

Join our monthly session to learn about the services provided by OHSU and the local **Alzheimer's Association** and to ask experts about behavioral symptoms of dementia and how to cope with difficult decisions. Friends, family members and care partners are welcome.

Join us if you, family member or a friend...

- Have memory concerns
- Have mild cognitive impairment, dementia or a related disorder
- Have questions about memory loss and dementia
- Are a community member or professional interested in this subject

**First Thursday
of every month**
3 to 4:30 p.m.

Meet in the waiting room on the 8th Floor
OHSU Neurology Clinic,
Center for Health & Healing
