Jonathan Jubera, M.B.A.

OCTRI Awards Project Manager

jubera@ohsu.edu

The Biomedical Innovation Program (BIP) accelerates the delivery of healthcare technologies from academia to the marketplace, thereby, improving human health. Two tracks of funding are available: Device, Diagnostic, & Software development; and Drug Discovery. This funding mechanism is offered in close collaboration with Technology Transfer & Business Development, and is open to all OHSU faculty and eligible employees. See more information about our services below.

Biomedical Innovation Program (BIP)

Funding & Development	Project Management	Innovation & Entrepreneur Education	Customized Mentoring
