

# OREGON HEALTH & SCIENCE UNIVERSITY NEUROSCIENCE POSTBACCALAUREATE INITIATIVE

Beginning July 2020, join us for a one year postbaccalaureate training opportunity in the neurosciences! Scholars will be matched by their interests with a laboratory for an in-depth research experience. Other benefits include:

- A competitive Research Assistant salary & health benefits
- Preparation for successful application and completion of a graduate program
- Mentored support from Faculty, Postdoctoral Fellows, and current Grad Students
- Skill-building enrichment sessions via journal clubs, courses, and seminars related to research necessities (e.g., data analytics and writing) & scientific identity (e.g. presenting and communication)
- Strong letter of recommendation provided by research mentor and OHSU graduate program director supporting graduate applications

**Apply online by March 1, 2020 @ [ohsu.edu/neuro-postbac](https://ohsu.edu/neuro-postbac)**

## ELIGIBILITY

- Recent graduate from a 4-year college (or graduating senior)
- Identify as an individual from an NIH underrepresented group
- Commitment to one year neuroscience laboratory research experience
- Interest in obtaining a graduate degree in a neuroscience-related field (PhD)
