

Sample Family Medicine Postdoctoral Research Fellowship Weekly Curriculum (July – June)

WELCOME Fellows' Clinical Experience Bootcamp 1 Introduction, Learning Health Systems, overview of clinics, record-keeping, trouble-shooting
Fellows' Clinical Experience Bootcamp 2: qual methods (observation, interviews, fieldnotes)
WED 8:30am-11:45am: Evidence Based Practice (with FM Residents)
Fellows' Clinical Experience Bootcamp 3: quant methods & data sources
WED 8:00am-11:00am: Pop Health/Data Collection & Utilization (with FM Residents)
Fellows' Clinical Experience Bootcamp 4: Field Trip to clinics
WED 8:00am-noon: OHSU approach to Pop Health, Community strengths/needs assessment (Residents)
Fellows' Clinical Experience Bootcamp 5: Mentoring clinicians in research
WED 8:00am-noon: Clinical approach to pop health, pop health data sources (with FM Residents)
WED 8:00am-noon: Community engaged scholarship, social determinants (with FM Residents)
Getting involved in grants in DFM -- roles, teamwork, making connections
WED 8:00am-11:00: Government 101 (with FM Residents)
NAPCRG Assignment introduction
WED 8:00am-11:00am: Op Ed Workshop (with FM Residents)
Mentorship throughout your research career
Fellows' clinical experience debrief, general fellowship check-in, personal research goals
Intro to the course, and History of Family Medicine as a Clinical Discipline and History of OHSU Family Medicine - 90 minute session
NAPCRG prep --making the most of NAPCRG and conferences in general -- networking, sessions, etc.
How do I turn a clinical or educational question into a research question? And then what?
Fellows' clinical experience debrief, general fellowship check-in, personal research goals
Network with DFM Research Faculty: Applying Qualitative Methods to answer Primary Care questions
No session (NAPCRG)
Network with DFM Research Faculty: Applying Quantitative Methods to answer Primary Care questions
No session (Thanksgiving)
Fellows' clinical experience debrief, general fellowship check-in, personal research goals
WED Negotiation (with FM Residents) -- 8am-10am
Network with DFM Research Faculty: Team Science
NAPCRG assignment presentations
Scholarship 101: How do I disseminate my ideas?
No session
Network with DFM Research Faculty: Medical Education Research -- cutting edge topics in and methods for studying curriculum and workforce
Job Search, Interview Skills, Negotiation for academic research
Oral & Poster Presentations
Fellows' clinical experience debrief, general fellowship check-in, personal research goals
Network with DFM Research Faculty: Practice Improvement and Dissemination & Implementation Science
Facilitating Discussions

Network with DFM Research Faculty: Progress Reports and SF-424 components for federal grants (helping to enter data into InfoEd)
Network with DFM Research Faculty: Health Policy Research
Fellows' clinical experience debrief, general fellowship check-in, personal research goals
Network with DFM Research Faculty: Peer Reviewing for Journals
Journal peer review (applied skills)
WED: Presentation & Publication Skills (with FM Residents) - 8am-noon
Grants and Budgets for beginners - 1 (Pre-award: identifying funding opps, process within DFM, eligibility, proposal timeline)
Fellows' clinical experience debrief, general fellowship check-in, personal research goals
Grants and Budgets for beginners - 2 (Post-award: budgeting, scope of work, reporting to funder, process within DFM)
Journal peer review (applied skills)
WED: Health Policy with Sen. Elizabeth Steiner (with FM Residents)
Network with DFM Research Faculty: Comparative Effectiveness and Clinical Trials in Primary Care
Fellows' clinical experience debrief, general fellowship check-in, personal research goals
Network with DFM Research Faculty: Practice-Based Research and Pragmatic Trials
Journal peer review (applied skills)
