Referring Doctor Signature _____ Date _____

In order for us to provide limited care to patients, we require documentation that treatment was diagnosed by a dental care provider, so we ask that you sign our referral form. We also ask that you indicate whether you will be seeing the patient for continuing care or would like the patient to seek continuing care with our clinics. If you would like to send someone to become a new patient, please have them call our main line to schedule a new patient exam at 503-494-8867.

Any missing information will delay treatment for your patient.

2730 SW Moody Ave. Portland, OR 97201-5042 **Main Phone** 503-494-8867
Referrals Phone 503-346-4791 **FAX** 503-346-8232 **EMAIL** DentalReferrals@ohsu.edu

Please provide pertinent medical records and images.

Diagnostic images should be:

- ✓ In jpeg format,
- ✓ Emailed to dentalreferrals@ohsu.edu,
- ✓ With the patient's name,
- ✓ Date of birth,
- ✓ And the date the images were taken.

- ❑ No X-rays available
- ❑ Date X-rays taken:_____ Type of x-ray: _____

If you are unable to email them, please mail a disc to:

Dental Referrals Team
2730 S.W. Moody Avenue,
Portland, OR 97201
Phone: 503-346-4791
Fax: 503-346-8232

Once your referral is received, the Referrals Team will route your referral to the appropriate clinic. Your patient will be contacted by the clinic to schedule an appointment. If further information is necessary, we will contact you.

Please note:

- ❖ **If referring to Faculty Dental Practice:** FDP providers do not accept Oregon or Washington Medicaid and do not offer discounted rates on services.
- ❖ **If your referral was denied by Hospital Dental Services,** the referral still must be sent to our location to be processed. Referrals sent to Hospital Dental Services do not reach the OHSU Dental Clinics Referrals Team and are not automatically forwarded. We are at different locations.
- ❖ **If you have identified your patient's need for root canal therapy,** please do not send your patient to our Urgent Care Clinic. Urgent Care is for new, undiagnosed dental symptoms and not a place for referred patient triage.
