Funded fourth-year medical student rotations in pediatrics will be available at Doernbecher Children’s Hospital from July through December 2020 for qualified applicants from diverse backgrounds.

Program Description
Our visiting student program is designed to give students the opportunity to experience the exceptional training that OHSU has to offer. Students will spend four weeks on either a sub-internship or sub-specialty elective at Doernbecher Children’s Hospital. Students will also be expected to attend morning report and noon conference daily, Pediatric Grand Rounds, and Friday Forum.

Application Requirements
Applicants must be from groups who are underrepresented in medicine; socially, economically, or educationally disadvantaged; and others whose backgrounds and experiences would contribute to diversity in their clinical fields.

Applications must also apply to and be accepted by the OHSU Visiting Student Program. Please review the OHSU Visiting Student Program requirements at https://www.ohsu.edu/school-of-medicine/md-program/visiting-students. Note that the OHSU School of Medicine only accepts visiting students from LCME- or AOA-accredited medical schools.

To Apply
1. Submit your visiting student application through VSAS. Be sure to include all required documentation.
2. Complete the Diversity Program for Visiting Students Application here https://ohsu.ca1.qualtrics.com/jfe/form/SV_2nxj3gZDi0XXq5, which includes a brief statement about how you would contribute to diversity (250-word limit).

The priority deadline is April 15, 2020. Applications received by the deadline will be reviewed by the Pediatric Residency Diversity Committee. Subsequent applications will be reviewed until the program is filled.

About Us
Tertiary care center that serves as the primary referral center for Oregon and Southwest Washington, as well as parts of Idaho, Alaska, and Northern California.

Program Benefits
• Funding includes up to $2,000 for reimbursement of travel, housing, and application fees
• All participants will be assigned a faculty/resident mentor
• Participants will be given the opportunity to have a personal meeting with the Residency Program Director
• Applicants will be invited to interview for a pediatric residency position.
