Associate Director, Oregon Rural Practice-based  
Research Network

Associate Professor, Oregon Health & Science University

# Quick COVID-19 Primary Care Survey

3 minute survey; 4 core questions and “flash” questions

Led by Rebecca Etz at the Larry A. Green Center in partnership with the Primary Care Collaborative

- National survey link released each Friday since March 13, 2020 (8 waves)
- ORPRN supporting distribution since March 27, 2020 (6 waves)

National data available at Green Center website

Oregon data (soon to be) available at ORPRN website

# Testing capacity is flat, but Oregon is ahead.

More than  $\frac{3}{4}$  of PC practices in Oregon reported COVID-19 testing capacity since March 27.

# COVID-19 is significantly impacting primary care.

More than 70% of PC practices reported experiencing significant or severe impact.

# Wave 7 Result Highlights (Fielded April 24-27, 2020)

Respondents: **3131 clinicians** from all 50 states (**186 clinicians** in Oregon)

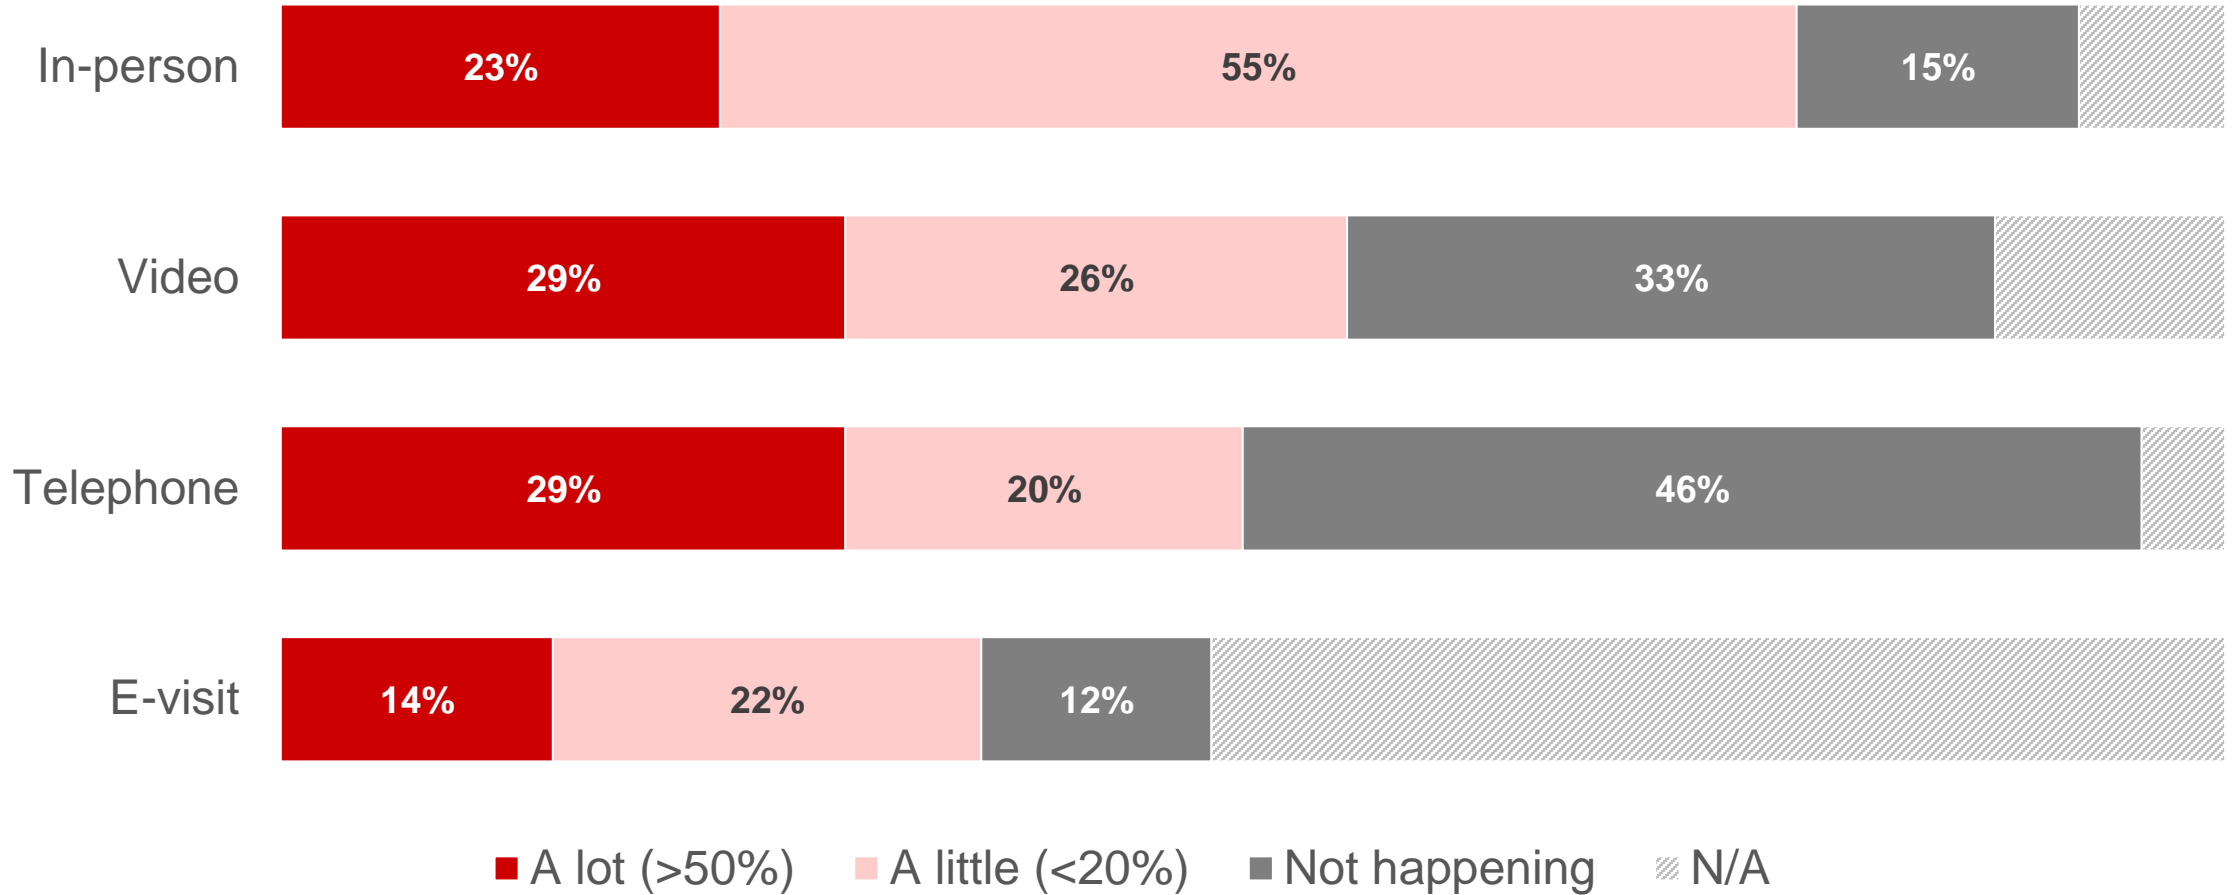

## Key findings:

- **52%** have no personal protective equipment (**43%** in Oregon)
- **32%** report no capacity for testing (**15%** in Oregon)
- **85%** report large decreases in patient volume (**90%** in Oregon)
- **66%** report less than half their work is reimbursable (**62%** in Oregon)
- **47%** of primary care clinicians report they have laid off/furloughed staff (**37%** in Oregon)
- **45%** are unsure if enough cash to stay open for the next 4 weeks (**37%** in Oregon)

→ Data shared during Congressional Briefing on May 29<sup>th</sup>

# VISIT TYPE HAS TRANSFORMED.

More visits happening by video or telephone than in person.

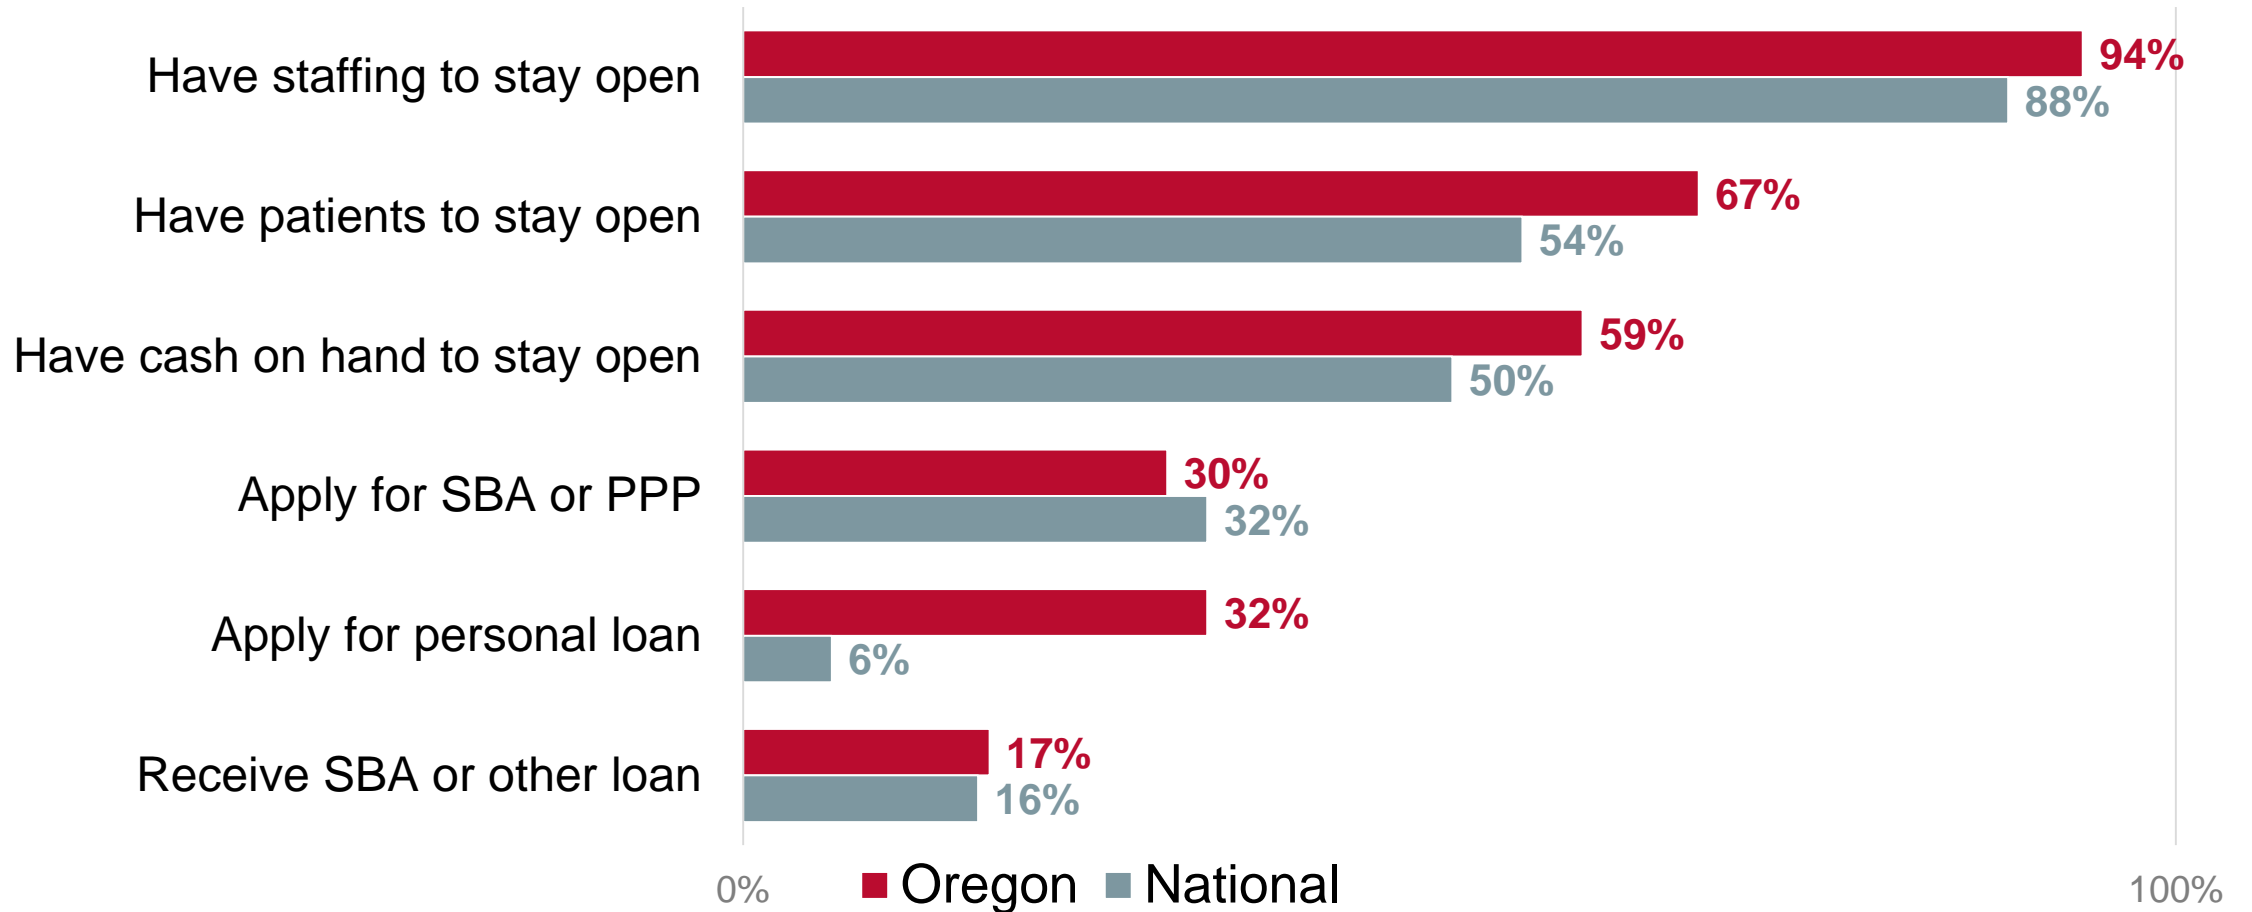

# MEETING PATIENT NEEDS

Due to COVID-19, are you currently able to...

# FINANCIAL CONSIDERATIONS

For the next four weeks, are you likely to...

# Opportunity 1: Share successes, challenges, and priority needs related to digitally augmented care in a socially distanced world

**Focused inquiry to:** Understand care delivery mechanisms, processes, and role changes during Covid-19, and priority concerns for future care delivery in rural Oregon

**Who:** Rural clinic managers, providers, nurses, and ancillary staff representing a range of telehealth capabilities (none to rapid ramp)

**What:** 30 – 45 minute remote interviews

**When:** May 7 – 29, 2020

**Contact:** Dana Womack, PhD, RN at [womacda@ohsu.edu](mailto:womacda@ohsu.edu) 703-728-2593

# Opportunity 2: Respond to Wave 9 Quick COVID-19 Primary Care Survey

Last week's survey (wave 8) preliminary qualitative themes: exhaustion, burnout, and that nobody cares.

Tomorrow's survey (wave 9) results will be sent directly to Speaker Pelosi, Minority Leader McCarthy, Majority Leader McConnell, and Minority Leader Schumer.
