Graduating Students with PacificSource Student Health Insurance
Frequently Asked Questions

I’m graduating. When does my PacificSource Student Health Insurance coverage end? All graduating students who were registered for spring term have coverage that extends through the summer and will terminate 9/21/20. The only exception is 4th year graduating medical students whose coverage will terminate 6/30/2020.

What are my options for continuing my insurance after graduation? The Student Health Insurance Plan through PacificSource does NOT offer a continuation plan for those students that are graduating. If you are in need to find a new health insurance plan, the state and federal marketplace will allow you to enroll immediately into a plan. To find plan information, or need assistance, please visit http://www.healthcare.gov/ to get started.

Can I continue to use the Student Health & Wellness Center after graduation? Typically, access to SHW ends at the end of the month of the term in which you graduate. For example, if you graduate in Spring term, you will have access to SHW until June 30th. If you are an established patient at SHW, please talk with your provider about any needs you might have. Our providers are dedicated to help you transition to care outside of the Student Health & Wellness Center and will work with you individually to establish a plan.

Are there any other options for insurance coverage? Insurance coverage can be pursued through independent brokers, directly from the insurers (Kaiser, BCBS, Healthnet) or through the federal exchange. There are free certified health insurance agents and community partners throughout the state who can help you with the application process and enrollment.

You can apply for the Oregon Health Plan (Medicaid) as well as review other exchange options through the federal exchange link www.healthcare.gov/.

How do I obtain a certificate of credible coverage from PacificSource upon graduating? In order to qualify for a special enrollment period with the federal exchange, you will need a certificate of credible coverage which indicates when your current insurance ended. This certificate can be obtained by calling our broker, USI/Academic Health Plans at 800-853-5899.

What are other community resources I can use in the meantime?
