OHSU FACULTY DEVELOPMENT

# INCLUSIVE ONLINE CLASS CLIMATE

WEBINAR

Inclusive learning looks different in an online platform versus face-to-face learning environments.

What does diversity look like online?

What can we do to be inclusive and respectful of our students online?

What should faculty avoid as they strive to remain inclusive and respectful while remotely teaching?

During this 60 min webinar, we will share best practices in inclusive online course design, delivery, and assessment.

Webinar facilitated by Graciela Vidal, M.S., M.Ed.

OHSU Educational Improvement and Innovation
