

Capstone: Internship write-up guidelines 2020

Students will submit a final write-up to your DMICE faculty advisor (cc Diane) at the end of the second term of BMI 590. Your final 10-15 page report should include:

- the initial plans for your internship,
- a description of your time in the internship,
- a description of the informatics component,
- how or whether the internship evolved during your time,
- what you learned during your internship, and,
- future directions for the project you worked on, if applicable.
