

## Oregon Summary

Sample  
30

National Sample  
416

### Q1: When we ask about your stress level, what do you feel we most need to understand?

	# Responses	% Sample	% National sample
The stress level is severe and constant – this is not hyperbole – keep asking	15	50.0%	42.5%
My work environment is compromising my safety and that of my family	5	16.7%	20.9%
am maxed out with mental exhaustion	14	46.7%	31.3%
I spend each week wondering if my practice and/or job will still be there next week	5	16.7%	17.8%
My ability to bounce back and/or adjust to adversity has become limited	18	60.0%	44.5%
I can do nothing each hour but react to the moment	5	16.7%	14.7%
Other	10	33.3%	39.4%

### Q2: IN THE LAST 4 WEEKS, have any of these things happened in your practice?

	# Responses	% Sample	% National sample
Practice members have quit saying that COVID-19 made work unsafe for them	4	13.3%	11.3%
Furloughed clinicians and/or staff returned to work	10	33.3%	28.4%
Clinician salaries have been skipped or deferred	9	30.0%	22.1%
Preventive/chronic care visits deferred/delayed by patients	28	93.3%	78.4%
Practice level stress returned to pre-pandemic levels	0	0.0%	10.3%
We had increased in-person visits but we're now limiting them again	6	20.0%	20.4%
In-person visits are down but overall contact with patients is high	17	56.7%	41.6%
Our practice has stabilized into a comfortable new normal	9	30.0%	23.3%
I was able to bill for the majority of the work I did	19	63.3%	60.6%
We continue to see the negative health impact of chronic care visits deferred	14	46.7%	50.7%
There is noticeable increase in practice stress because of a COVID-19 surge	21	70.0%	53.8%
Other	6	20.0%	16.6%

### Q3: How are you doing with PPE?

	# Responses	% Sample	% National sample
I have enough to feel confident and safe	7	23.3%	38.5%
My supply is severely limited – it feels unsafe	7	23.3%	12.3%

I am reusing PPE, and feel safe doing so	16	53.3%	41.1%
I am reusing PPE, but it does not feel safe	5	16.7%	20.4%
I don't have PPE	0	0.0%	1.7%
Other	2	6.7%	13.2%

**Q4: Is your practice...**

	# Responses	% Sample	% National sample
