OHSU's Improving Addiction Care Team (IMPACT) is a nationally recognized model of hospital-based addictions care that aims to engage patients and improve systems to support people with substance use disorder and acute illness. The panel will include Dr. Honora Englander, IMPACT Director and Principal Investigator, Jessica Brown, a social worker on IMPACT, and Traci Lundy, an IMPACT peer. Melissa Monner, Associate Director of the OHSU Center for Ethics in Health Care and Manager of OHSU Patient Relations, will be the panel's moderator. They will discuss IMPACT experiences, outcomes, and vision for the future.
