

## Prevalence of Any Disability Among Oregon Adults

\* North Central includes Sherman, Wasco, and Gilliam counties

**Figure.** Prevalence of any disability among Oregon adults. Estimates generated from the Oregon BRFSS 2014-2017 combined county dataset (n=35,740). Estimate for Wheeler county suppressed due to small sample size. Any disability defined as at least one hearing, vision, cognitive, mobility, self-care, or independent living disability.
