

# Testing for COVID-19

## Who can get tested:

**People over the age of two months with signs or symptoms of COVID-19.**

They can have one or more of the following symptoms:

- Cough
- Shortness of breath or trouble breathing
- Fever
- Chills
- Muscle pain
- Headache
- Sore throat
- New loss of taste or smell
- Nausea / vomiting
- Diarrhea
- Congestion/runny nose

## Questions about COVID-19 symptoms and care?

Call your primary care provider.

If you do not have one, call us at **833-647-8222**,  
8 a.m. to 8 p.m., seven days a week.

### Washington County testing sites

By appointment only (same and next day appointments usually available)

#### OHSU Health Hillsboro Medical Center Immediate Care, Forest Grove

1825 Maple Street  
Forest Grove, OR 97116  
Phone: 503-359-6180

#### OHSU Health Hillsboro Medical Center Immediate Care, South Hillsboro

7545 SE Tualatin Valley Hwy.  
Hillsboro, OR 97123  
Phone: 503-681-4223

#### Testing hours for both:

Monday-Friday: 8:30 a.m. - 4:30 p.m.

#### OHSU Immediate Care clinic, Beaverton

15700 SW Greystone Ct  
Beaverton, OR 97006  
Phone: 503-494-1700

#### Testing hours:

Monday-Friday: 8 a.m. - 5 p.m.

### Portland testing site

#### Portland Metropolitan Expo Center

2060 N. Marine Drive (Enter on N. Expo Rd.)  
Portland, OR 97217

#### Testing hours:

Monday-Thursday: 9 a.m. - 4 p.m.  
Friday: 7:30 a.m. - 2:30 p.m.

**Please note:** The first two hours will be dedicated to patients of OHSU Health (including OHSU, Hillsboro Medical Center and Adventist Health Portland), household members of OHSU, Hillsboro Medical Center and Adventist Health Portland employees, and first responders. All must meet testing criteria. Others can join the general line, but testing for that line will open during the first two hours only if the priority line is empty. After the first two hours, testing will be first-come, first-served.

### **Those without symptoms.**

People without symptoms can get tested if they meet any of the following:

- They are giving birth, or they are having surgery or another qualifying procedure at OHSU.
- They have been in close contact with someone who has been diagnosed with COVID-19.
- A public health department has required them to get tested for contact tracing.

The person identifies as one or more of the following:

- The person is a migrant/seasonal agricultural worker.
- The person is Black, African American, Latino, Latina, Latinx, American Indian/Alaska Native, Asian, Asian American or Pacific Islander.
- The person has a disability.
- English is not the person's first language.

In addition:

- People without symptoms who test negative will not be able to get a repeat test for at least 7 days.
- People without symptoms who have tested positive before: OHSU is no longer testing people who previously tested positive until 90 days after they were first diagnosed.

*OHSU's testing criteria follows OHA and CDC recommendations. Guidelines may change at any time based on updated recommendations.*

---
