M2CH - CSBC Center

Workshop on Computational and Experimental Approaches to Study Tumor Heterogeneity

[Agenda and Registration Here](#)

April 27 & 28,
2021

Virtual workshop hosted by
Oregon Health & Science University

Join us for this workshop focused in four sessions:
Single Cell Measurements, Analytic Approaches to Study Tissue
Heterogeneity, Experimental Models of Tissue Heterogeneity, and
Computational Modeling of Complex Systems.

Speakers include: Andrew Gentles, Calvin Kuo and Irene Li , from Stanford;
Anton Kratz from UC San Diego; Marius Wiggert from UC Berkeley; and Koei
Chin, Hisham Mohammed, Andrew Adey, Olga Nikolova, Jim Korkola, Ellen
Langer, Young Hwan Chang, Emek Demir, Joe Gray, Rosalie Sears and Laura
Heiser from OHSU.
