

Quarterly Grand Rounds 2021-2022

Please join us in elevating and centering the voices of transgender and gender diverse (TGD) communities. This series aims to educate providers to eliminate disparities within healthcare and promote equity, healing, and visibility.

4th Wednesday of
the month from 12
p.m. - 1 p.m. in July,
October, January and
April

These learning opportunities are generated by and rooted in issues important to the TGD community. We will hold space within social justice and intersectional framework that invites people of all experiences within the TGD community to engage in dialogue with health care teams outside of the clinics and exam room.
