Q1: YOU SAID - ASK US THIS!

	# Responses	% Sample	% National sample
My hospital/health system is NOT using the new E&M codes	1	1.6%	4.3%
Um... What new E&M codes?	20	32.3%	28.8%
I am constantly lethargic and find it hard to find joy in anything	12	19.4%	13.8%
I struggle to maintain clear thinking at times	19	30.6%	21.7%
Constantly lethargic or struggle to maintain clear thinking	24	38.7%	28.5%
Constantly lethargic and struggle to maintain clear thinking	7	11.3%	7.0%
I wish we could just change to a hybrid capitation/FFS model and get on with it already	14	22.6%	25.8%
I worry that primary care as we know it will be gone 5 years from now	22	35.5%	39.6%
I believe the worst health impacts of the pandemic are behind us	12	19.4%	27.1%
Within 3 years, I will be leaving practice	14	22.6%	21.2%
Worry that PC will be gone in 5 years or I will leave within 3 years	27	43.5%	49.6%
Worry that PC will be gone in 5 years and I will leave within 3 years	9	14.5%	11.3%
None of the above	9	14.5%	14.0%

Q2: OVER THE LAST 4 WEEKS, have COVID-19 related changes and pressures in your practice put unusual strain on your practice?

	# Responses	% Sample	% National sample
1 – no impact	4	6.5%	14.2%
2	13	21.0%	33.9%
3	23	37.1%	27.9%
4	19	30.6%	17.9%
5 – severe impact	3	4.8%	6.0%

Q3: IF THERE WERE A GROUP IN OUR GOVERNMENT WHOSE JOB IT WAS TO ACT ON BEHALF OF PRIMARY CARE, what would you tell them their first three priorities should be?

	# Responses	% Sample	% National sample
Increase broadband access and infrastructure	10	16.1%	10.7%
Protect primary care as a "common good" - available to anyone regardless of ability to pay	45	72.6%	55.8%
Change primary care residency education to better reflect care delivered in the context of families and communities	6	9.7%	10.1%
Change how primary care is financed so that it is not in direct competition with specialty care	28	45.2%	46.0%
Change how primary care is paid, moving away from majority fee-for-service models	31	50.0%	45.6%
Create greater protections of professionalism (autonomy, information mastery, decision making ability) among clinicians	14	22.6%	31.9%
Revamp how electronic medical records are designed to better capture patient narratives and care delivery process	17	27.4%	31.5%
Improve infrastructure to allow for beneficial health information exchange among care providers and clinicians	24	38.7%	34.0%
Other	7	11.3%	14.5%

Q4: VACCINE. AT THIS POINT IN TIME...

	# Responses	% Sample	% National sample
My practice HAS received adequate amounts of vaccine for our patients	41	66.1%	47.2%
We have more vaccine than we can use	18	29.0%	25.4%
We have partnered with local organizations or government to prioritize people for vaccination	28	45.2%	30.5%
My practice has chosen not to administer COVID-19 vaccines	11	17.7%	23.6%
I find I am more successful than not in overcoming vaccine hesitancy among my patients	13	21.0%	26.9%
Vaccine hesitancy among patients not yet vaccinated is high and hard to counter	43	69.4%	53.4%
Other	5	8.1%	10.4%

Q6: Is your practice...

	# Responses	% Sample	% National sample
Owned by you	13	21.0%	30.2%
Independent and part of a larger group	2	3.2%	9.8%
Owned by a hospital or health system	29	46.8%	38.7%
Government owned practice	5	8.1%	5.7%
None of the above	13	21.0%	15.5%

Q7: Is the size of your practice...

	# Responses	% Sample	% National sample
1-3 clinicians	10	16.1%	28.8%
4-9 clinicians	22	35.5%	27.4%
10+ clinicians	30	48.4%	43.9%

Q8: Is your practice setting...

	# Responses	% Sample	% National sample
Primary care setting	61	98.4%	99.7%
Primary care and convenience care setting	9	14.5%	6.8%
Direct primary care or membership-based practice	0	0.0%	5.4%
Primary care and an academic or residency practice	11	17.7%	19.9%
Other	7	11.3%	8.5%

Q9: Which of these describes your practice?

	# Responses	% Sample	% National sample
Rural	30	48.4%	20.2%
Community health center	6	9.7%	8.4%
FQHC or FQHC look-alike	17	27.4%	13.5%
Free or charitable clinic	1	1.6%	3.6%
Designated patient-centered primary care home	36	58.1%	35.5%
Located in office, school, or college	4	6.5%	9.5%
None of the above	8	12.9%	34.2%

Q10: Roughly how much of your practice is...

	<10%	10-19%	20-49%	>50%	Don't know	N/A
