

Vaccination Requirements

Requirements	Description
Td series and booster (Tetanus/Diphtheria – Tdap)	Childhood series with date of completion and date of booster in last 10 years. Was booster a Tdap? Tdap required if ≥ 2 years since last Td booster
Polio series	Childhood series with date of completion; adult booster date if received
Measles (Rubeola)	Dates of two (measles or MMR) vaccines or positive titer; must submit copy of titer result
Mumps	Dates of two (mumps or MMR) vaccines or positive titer; must submit copy of titer result
Rubella	Date of one (rubella or MMR) vaccine or positive titer; must submit copy of titer result
Hepatitis B	Evidence and dates of series of three Hepatitis B vaccines AND positive Hepatitis B surface antibody titer if series is complete; must submit copy of titer result, or evidence of prior infection
Varicella	Evidence and dates of two Varicella vaccines or positive titer; (must submit copy of result).
TB skin testing (TST or PPD)	<ul style="list-style-type: none"> • If you have had annual testing submit your annual TST records showing two tests no greater than (often called PPD) 12 months apart with the most recent done within 12 months of matriculation. • If you have not had annual TST's complete two-step TB testing: two TB tests 1-3 weeks apart with the second test completed within 12 months of matriculation. • If you have had a positive test submit a chest x-ray report and INH history. If you have had BCG vaccine, obtain Quantiferon TB Gold blood test and submit result. If positive, consider taking INH Preventive Therapy. You will need annual TB clearance (annual TB questionnaire) while at OHSU.
COVID-19 Vaccination	Received both doses of a two-dose COVID-19 vaccine, or one dose of a single-dose COVID-19 vaccine, and that at least 14 days have passed since your final dose of the COVID-19 vaccine was issued before starting the program.

Clinical settings may have additional background check, drug screen and immunization requirements other than what are identified here. Students will receive information regarding additional requirements if needed.

Infectious diseases: Students who are infected with Hepatitis B (HBV), Hepatitis C (HCV) or Human Immunodeficiency Virus (HIV) must be aware of the Society for Healthcare Epidemiology of America (SHEA) and Centers for Disease Control (CDC) guidelines and stipulations around safe practice. Students in this category must contact the Student Health Service for a private consultation around the ability to progress successfully through the clinical aspect of the program. This consultation is confidential and the Student Health staff will make recommendations for precautionary procedures that ensure your ability to provide safe healthcare delivery.
