Please type your answers. Handwritten applications may not be considered! ALL application materials (including resumes, transcripts, and letters of recommendation) must be received no later than 11:59 p.m. on February 1, 2022. Applications that are incomplete as of this deadline will not be considered.

Eligibility Requirements:
You are eligible to apply to the OHSU/Primate Center Provost Scholar program if you can answer “yes” to all of the following questions:
- I attend a 4-year college/university in the State of Oregon;
- I will have completed at least two undergraduate college years by June of 2022;
- I am a US citizen, permanent U.S. resident, or eligible DACA student (Deferred Action for Childhood Arrivals). A DACA applicant must have an employment authorization card via USCIS.

And if you can answer “yes” to one or both of the following questions:
- I come from a background that is underrepresented in the health and science professions (includes American Indian or Alaska Native; Black or African American; Native Hawaiian or other Pacific Islander; Hispanic or Latino);
- I have experienced other economic*, educational, ethnic/cultural, family hardships.

*Economically disadvantaged students are defined as individuals who come from a low-income family, using low income levels specified by the U.S. Department of Health and Human Services as a guideline.*

If you have experienced educational, ethnic/cultural, or family hardships, please elaborate on the adversity you have experienced:
APPLICATION FOR THE
2022 PROVOST SCHOLAR PROGRAM

Name: ____________________________________________________________

Last               First               Middle Initial

Gender: □ Female □ Male □ Transgender □ Prefer Not to Say

Race: □ American Indian or Alaska Native
      □ Black or African American
      □ Native Hawaiian or Other Pacific Islander
      □ Hispanic of any race
      □ Two or more races, at least one of which is listed above
      □ Other

If two or more races, please specify: __________________________________

If other, please specify: _____________________________________________

Date of Birth (mo/date/year): ________________________________

Current Mailing Address: __________________________________________
                        __________________________________________

Telephone Number: ________________________________________________

Permanent Mailing Address: (if different from above)
                        __________________________________________
                        __________________________________________

Telephone Number: ________________________________________________

E-mail Address: ____________________________________________________

Possible starting date*: ________________________________   Ending date: ________________________________
(must start by the last week in June) (must participate in Symposium, August 11, 2022)

RESEARCH EXPERIENCE:

Do you have any research experience? □ Yes □ No

If yes, please describe your experience:

Mentoring is a time-consuming endeavor that is taken seriously by the scientists at the ONPRC, who devote a great deal of time, energy, and lab resources to such training. Because of this, summer internships are awarded for 10-week periods during which students should plan to spend at least 40 hours per week in the lab. In addition, recipients of these awards are required to attend a weekly seminar series and present a talk at annual Summer Science Symposium, scheduled for Wednesday, August 11, 2022.

To assist us in matching you to the appropriate mentor, please answer the following questions:

1. What prompted your interest in the Oregon National Primate Research Center (i.e. personal interest in research, school requirement, etc.)?

2. Describe your interest in science/research. In what way(s) do you foresee your training here at the Primate Center impacting your future?

3. What are your personal goals for this experience?

4. What knowledge, skills, and/or abilities will you bring to the lab? (Be as specific as possible, listing lab techniques and skills that you possess or have learned in your classes.)

5. What conflicts/ restrictions on your available time should we be aware of, should you be selected for an award (family vacations/weddings/etc.)?
6. Check one or more labs in which you have an interest:

☐ Dr. Kristine Coleman  ☐ Dr. Larry Sherman

☐ Dr. Robert Friedman  ☐ Dr. Brandon Wilder

☐ Dr. Meredith Kelleher

7. Please send transcripts from college(s) or university/ies you have attended (unofficial transcripts are fine).

8. Please send a copy of your resumé/curriculum vitae (CV).

9. Please provide 2 letters of recommendation from individuals who are not related to you (at least one from a current/former college science professor). The second recommendation can be from a community leader, teacher, coach, counselor, etc. Provide the names and contact information for these individuals below.

All successful applicants are required to attend the weekly Summer Seminar Series and make a presentation of their research at the annual Summer Science Seminar, scheduled for **Wednesday, August 11, 2022**. Please sign below to indicate that you are aware of and able to honor these requirements.

Signature: ____________________________ Date: __________

Research that takes place at the Oregon National Primate Research Center/OHSU is undertaken to improve understanding of human health and disease. Animal models are essential in this pursuit, and students need to be aware that in certain cases invasive animal procedures are necessary. Ethical issues associated with research in humans and other animals can evoke strong controversy, yet animal research is presently our only means of answering certain critical questions that we hope will lead to improved therapies and/or cures for disease. Federal law mandates adherence to regulations that ensure our research procedures are both humane and justified in terms of their contribution to knowledge and medical practice.

I understand that animal research takes place at the Oregon National Primate Research Center. I support the ethical conduct of animal research that is carried out in compliance with federal laws and regulations.

**IMPORTANT NOTE RE: THE GLOBAL CORONAVIRUS PANDEMIC**

It is our hope/desire/intention to offer these training opportunities to successful applicants **in person on our campus in Beaverton, Oregon**. However, our ability to do this will be dependent upon the state of the global pandemic. If we are unable to host these projects in person, they will be offered virtually. The decision about whether projects will be hosted in person or virtually will be made by April 15, 2022.

**OHSU COVID-19 Vaccination Policy**

In compliance with Oregon law, OHSU’s COVID-19 Immunization and Education policy will go in effect Oct. 18, 2021. Visitors and volunteers who have an in-person experience at OHSU must be fully vaccinated (14 days after last dose). Exception requests from visitors and volunteers will not be accepted. Please be prepared to provide proof of vaccination, or to receive a Covid-19 vaccination, as a requirement for onboarding for your in-person experience at OHSU. You will not be allowed to participate within OHSU if you are not compliant with this policy.
APPLICATION SUBMISSION INFORMATION BELOW

Application materials may be sent by US Mail to:

Diana Gordon
Education & Outreach Coordinator
Oregon National Primate Research Center
505 NW 185th Ave.
Beaverton, OR 97006

...by e-mail to: onprcoutreach@ohsu.edu

...OR by FAX to: (503) 346-5015 (Attention: Diana Gordon)

APPLICATION CHECK LIST:

Your complete application must include:

☐ Completed Typed Application (handwritten applications may not be read)

☐ Transcript(s) (unofficial transcripts are sufficient)

☐ Resumé/Curriculum Vitae (CV)

☐ Letters of Recommendation (2): Letters of recommendation may be sent directly to Diana Gordon via e-mail or U.S. mail (see contact information, above), or may be included in an application packet with other materials. Letters of recommendation sent in this way should arrive in sealed envelopes with the signature of the recommender across the flap. Letters of recommendation must be received by 11:59 p.m. on February 1, 2022. It is YOUR responsibility to ensure that these letters arrive on time!!!

ALL application materials (including transcript(s), resumés and letters of recommendation) must be received no later than 11:59 p.m. on February 1, 2022.

If you have questions or need additional information, please contact Diana Gordon by phone (503-346-5055) or email (gordondi@ohsu.edu)
