SOM DEI & Anti-Racism Resources & Updates

DATE: November - 2021 PRESENTED BY: Leslie D. Garcia, MPA, Assistant Dean for DEI, SOM Dean’s Office, Oregon Health & Science University
National Health Observances:

November is [American Diabetes Month](#)
Some groups of people are affected by prediabetes and diabetes more than other groups. Differences in health status or access to health care among racial, ethnic, geographic, and socioeconomic groups are referred to as health disparities.

The Centers for Disease and Control and Prevention (CDC) has expanded the [U.S. Diabetes Surveillance System](#) with a new social determinants of health (SDOH) module to help identify under-resourced areas of the United States and assess the potential impact of health disparities on diabetes burden and risk factors. See [Diabetes Data and Statistics](#)

[OHSU Harold Schnitzer Diabetes Health Center](#) offers classes, support groups, research opportunities, virtual care and other health care [services](#). Please view presentation titled “Structural Inequities and Diabetes: Challenges and Solutions” presented at the Annual Darlene Cain Memorial Care Lecture by Dr. Monica E. Peek, MD, MPH.
National Health Observances:

On November 18, the National Organization of State Offices of Rural Health (NOSORH) is celebrating National Rural Health Day (NRHD). The observance showcases the efforts of rural healthcare providers, State Offices of Rural Health, and the unique healthcare challenges that rural citizens face. According to NOSORH, an estimated 57 million people – nearly 1 in 5 Americans – live, work and play in rural communities. These communities face a shortage of qualified health care providers in rural and frontier communities.

OHSU Oregon Office of Rural Health (ORH) serves as a coordinating body for rural and frontier health in Oregon to increase its ability to bring statewide resources to rural areas. Visit ORH Website to learn of all the services, resources and opportunities. On November 18, 2021 from 2-3 p.m. ORH will be hosting a forum titled "Providing Specialized, Emergency Care to an Aging Rural Oregon Population through Geriatric."
Native American, Indigenous & Alaska Native Heritage Month

November is Native American Heritage Month, recognizing the significant and ongoing contributions of American Indians, Alaska Natives, and Indigenous People. This year’s theme is “Sovereignty, Trust and Resilience.” Beginning more than 100 years ago, national observances to recognize Native American Heritage and provide an opportunity to raise awareness, celebrate diverse tribal cultures, and honor the past and present.
Native American, Indigenous & Alaska Native Heritage Month

- According to the [Centers for Disease Control and Prevention (CDC)](https://www.cdc.gov), the COVID-19 pandemic has disproportionately impacted American Indians and was validated by Drs. Allison Empey and Andrew Steinfieldt. To help increase vaccine confidence a campaign and [toolkit](https://www.cdc.gov) was created by the CDC.

- Learn of the NW Portland Indian Health Board visit [https://www.npaihb.org/](https://www.npaihb.org/) to learn of resources, services, and of [upcoming events](https://www.npaihb.org/).

- View OPB “[Oral History of Tracing Oregon's Native Population](https://www.npaihb.org/)” to meet Tribal Leaders of the Oregon Tribes.
Native American, Indigenous & Alaska Native Heritage Month

Please visit the SOM [NW Native American Center](https://www.nwnativeamerican.org) website to learn more about their work to increase the number of American Indian and Alaskan Natives in the U.S. health professional workforce. The Center is led by Dr. Erick Brodt who was elected to the [National Academy of Medicine](https://www.nationalacademies.org) for his efforts to increase Native American representation. A virtual event is being finalized in by the NW Native American Center and the SOM Dean’s Office. More details to come.
Native American Heritage Month

The School of Medicine also encourages students, residents, physicians and staff to support OnTrack OHSU! The program exposes middle school and high school students to the health and sciences. Current partnerships with the Confederated Tribes of Warm Springs Indian Reservation and Klamath/Chiloquin. Please contact Dr. Sarah Davis dasarah@ohsu.edu to learn how one can support this OHSU student outreach program.
Important Cultural Traditions in November

November 2 & 3 Latinos Unidos Employee Resource Group (LUERG) hosted an event to recognize Dia De Los Muertos. A celebration of indigenous cultural practices and traditions that predate to the 16th Century.

November 30, 10:55 am to 12:30 pm
Viewing of the “Belongingness as a Pathway to Diversity and Inclusion in Dental Education” webinar, followed by a discussion. Go to Compass to sign up.
Gratitude and Acknowledgement

Veterans Day is a time to pay our respects to those who have served. This holiday started as a day to reflect upon the heroism of those who died in our country's service and was originally called Armistice Day. It fell on Nov. 11 because that is the anniversary of the signing of the Armistice that ended World War I. In 1954, the holiday name was changed to "Veterans Day" in order to account for all veterans who served. See below health disparities information impacting veterans.

Video featuring OHSU health care pros team – only two U.S. Hospitals who participate in Army Military Civilian Trauma Team Training Program
Professional Development Continued

• Christy Glass, professor of sociology and interim director of Utah State’s Center for Intersectional Gender Studies & Research, presented an anti-racist town hall entitled “Paying a risk Tax, climbing the glass cliff; How racism limits careers and what we can do about it.” Link to title to access recording

• Uplifting the Latino population from obscurity to the forefront View Recording with Drs. Nemecek, Cigarroa and Mejicano Password rKSqGIE2

• Gender Affirming Care: Community Conversations Across the Lifespan. Recording soon to be added at Transgender Health Program Website
