

Jungers Center for Neurosciences Research Annual Symposium *Neurovascular Interactions*

Keynote

Harald Sontheimer, Ph.D.

Harrison Distinguished Professor and Chair
Department of Neuroscience
University of Virginia, School of Medicine

*Glial, Neuronal, Vascular Interactions
in Neurological Disease*

Cam Ha Tran, Ph.D.

Assistant Professor
Department of Physiology and Cell Biology
University of Nevada, Reno

*The Role of Neuromodulatory Signaling in
Neurovascular Coupling*

Richard Daneman, Ph.D.

Associate Professor
Departments of Pharmacology and Neurosciences
University of California, San Diego

*Regulation of the Blood-Brain Barrier
in Health and Disease*

Tuesday, May 17, 2022

1:30 pm to 4:00 pm

Richard Jones Hall (RJH) 4340

Virtual option: <https://ohsu.webex.com/ohsu/j.php?MTID=m46ccbd28092b8d1b9e8ae05dfa3d01dc>
