How to apply for financial assistance

Instructions for filling out your application

By law, all hospitals have to provide financial assistance to people and families who meet certain requirements. You may be able to get free care or pay less for certain services based on your family size and income, even if you have health insurance. To view our financial assistance policy, please go to ohsu.edu/financial-assistance.

What is covered by financial assistance

- Not all services qualify so you will need to make sure that the service is covered before you get it. For a list of services we do NOT cover, see our financial assistance policy at ohsu.edu/financial-assistance.
- Please note that if you are approved for financial assistance, it does NOT guarantee that you will get services.
- If you could qualify for Medicaid or other programs, we encourage you to apply for these as they may have more benefits.

Steps to complete the application form

1. Fill out information about you and your family.
   - You do NOT need to provide your social security number.
   - We define a household as a single person, married couple or registered domestic partner (even if they are not on your tax return), plus any dependents that you claim on your tax return.
   - A child under 18 is usually a dependent. Examples of households:
     - Legally married couples (or domestic partners) who live together, along with their dependent children under 18 years, and anybody else who lives in or outside the household that the couple claims on their taxes
     - Unmarried couples with one or more children in common, if the child is the patient
     - Sponsored non-citizen, their sponsor, and sponsor's family

2. Fill out information about your household’s gross income (income before taxes and deductions).

3. Declare and provide proof of assets to help us see if you are eligible for other programs.

4. Attach all other information that we have asked for.

5. Sign and date the financial assistance form.
