

Managing Opioid Use Disorder in the Emergency Department ECHO™

When: Six sessions starting Aug. 16, 2022
 9 a.m.- 10 a.m. PT | 10 a.m. – 11 a.m. MT

Presenter: Alexis M. LaPietra, DO, FACEP
Chief, Pain Management/Addiction Medicine
Immediate Past Chair, ACEP Pain and Addiction Medicine Section
Assistant professor of Clinical Emergency Medicine

Dr. Alexis LaPietra, a board-certified emergency room physician at St. Joseph’s Regional Medical Center in Paterson, New Jersey, has spearheaded major changes in management of opioid use disorder and pain treatment in the nation’s second busiest emergency room. She created the Alternatives to Opioids (ALTO™) program and founded the Pain Management/Addiction Medicine Section of ACEP.

Join us for this unique forum where you will learn from each other, not just from a subject matter expert. Comagine Health is offering six sessions over a six-month period utilizing the Project ECHO™ model, a two-way “all teach, all learn” learning methodology that engages participants in a learning community using a combination of case-based learning and mentorship. ECHO™

Session	Title	Date
Session 1	Neurobiology of Addiction	August 16, 2022
Session 2	Screening, Patient Education, and Naloxone Co-prescribing	September 13, 2022
Session 3	Buprenorphine Pharmacology	October 11, 2022
Session 4	Buprenorphine Initiation	November 15, 2022
Session 5	SDOH/Peer Support	December 13, 2022
Session 6	Harm Reduction	January 10, 2023

- Target Audience:** Emergency Department physicians, nurses, and administrators.
- Objectives:** As a result of joining in the six session ECHO participants will be able to:
1. Apply the principles outlined during the sessions to development of an effective MOUD program in their facility.
 2. Design an implementation plan for each element of the best practices presented during the sessions.
 3. Implement and assess the effectiveness of the best practices for management of opioid use disorder in their own emergency department.
