

OHSU's Virtual Diversity Open House For GME Residency Applicants

At [Oregon Health & Science University](#), we aim to recruit, retain, and develop a diverse team of health care professionals that has a varied set of perspectives, values and experiences. We believe that in order to deliver great health care, we must train culturally competent physicians and create a welcoming environment that is inclusive and that fosters growth and innovation.

This GME Virtual Diversity Open House will serve to answer questions for 3rd and 4th year medical students from underrepresented and diverse backgrounds who are considering applying to any of our [93 accredited programs](#) at OHSU.

This open house will be hosted virtually and login information will be included in the calendar invitation. Please email us at gme@ohsu.edu with any questions or for a calendar invitation.
