

# Portland VA Research Foundation: Summer Fellowships for Undergrads

**Apply by Feb 28th**

**Opportunity to gain research experience at the VA Portland Health Care System, to meet scientists from varying disciplines, and to receive mentored support.** PVARF looks to provide opportunities for career development of individuals traditionally under-represented in the science professions, including women & members of BIPOC community.

## Program Benefits

- **Unique research opportunities to enhance skills pivotal for graduate & medical school applications**
- **10 week program; 40 hrs per week; start date June**
- **Stipend of \$5,500 (as of summer 2022)**
- Principal Investigators: <https://www.pvarf.org/principal-investigators/>

## Eligibility & Process to Apply

- Completed at least freshman year of college by June
- Science major or social science major
- GPA of 3.5 or above
- Submit resume, unofficial transcript, 2 references, and cover letter that ranks 3 projects interested in and goals for the experience
