URiM Funded Visiting Rotation In Pediatrics

OHSU is dedicated to being an organization diverse in people and ideas. We recognize the importance of a diverse workforce to maximize our potential for quality patient care, educational excellence, creativity, innovation, and outstanding service. In support of our commitment to recruit trainees who represent the population we serve, the [OHSU Pediatric Residency Program](#) is delighted to offer scholarships to qualified visiting students.

Program Benefits

- A 4-week visiting rotation at [Doernbecher Children's Hospital](#)
- Reimbursement up to \$2,000 for travel, housing, and application expenses
- An assigned faculty mentor
- A resident or fellow near-peer mentor
- A personal meeting with the Residency Program Director
- An offer to interview for a position in our pediatric residency program

About Doernbecher Children's Hospital

Doernbecher is a tertiary care children's hospital that serves as the primary referral for Oregon and Southwest Washington, and parts of Idaho, Alaska, and Northern California. We are consistently ranked the top children's hospital in Oregon, with seven specialties ranking in the top 50 nationally; we hold a magnet designation by the ANCC (American Nurses Credentialing Center) ensuring the best patient outcomes are delivered with a collaborative, interprofessional team of experts; and have been verified as a Level 1 Pediatric Trauma Center and Surgery Site.

How to Apply

Applicants must be persons from racial or ethnic groups that are underrepresented in medicine, from rural environments, or who have experienced significant disadvantage or adversity.

1. Visit the [OHSU MD program site for visiting students](#); applicants for the URiM funded rotation must meet all listed requirements.
2. Review the [Department of Pediatrics Visiting Student site](#) for rotation options.
3. Submit an application for an OHSU pediatric visiting rotation through [VSLO](#).
4. Complete an application for the OHSU Pediatrics Underrepresented in Medicine Funded Visiting Rotation by [clicking here](#).
