

PET scan approval process

OHSU Health IDS will review authorizations for the following PET scans in house rather than through eviCore as of Feb. 1, 2023.

If a request is submitted to eviCore for one of these codes, a pop-up will appear letting the provider know to go through MODA.

78608	Brain imaging, positron emission tomography (PET) metabolic evaluation
78609	Brain imaging, positron emission tomography (PET) perfusion evaluation
78811	Tumor imaging, positron emission tomography (PET); limited area (e.g., chest, head/neck)
78812	Tumor imaging, positron emission tomography (PET); skull base to mid-thigh
78813	Positron emission tomography (PET); whole body
G0219	imaging whole body; melanoma for noncovered indications
G0235	PET imaging, any site, not otherwise specified
78814	Tumor imaging, positron emission tomography (PET) with concurrently acquired computer tomography (CT) for attenuation correction and anatomical localization; limited area (e.g., chest, head/neck)
78815	Tumor imaging, positron emission tomography (PET) with concurrently acquired computer tomography (CT) for attenuation correction and anatomical localization; skull base to mid-thigh
78816	Tumor imaging, positron emission tomography (PET) with concurrently acquired computer tomography (CT) for attenuation correction and anatomical localization; whole body

Effective 2/1/2023
