

2023 ORH Hospital Quality Workshop

May 15-17, 2023

Seaside Civic and Convention Center | Seaside, OR

Stop, Collaborate, and Listen: Leveraging Partnerships for Quality Improvement

Mia Bishop, West Valley Hospital

Brett Byers, Columbia Memorial Hospital

Brandi Fry, Newport Hospital and Health Services

Natalia Martinez-Paz, UW Center for Stewardship in Medicine

Zahra Kassamali Escobar, UW Center for Stewardship in Medicine

Agenda

Panel Introductions

Collaboration examples: wins & losses

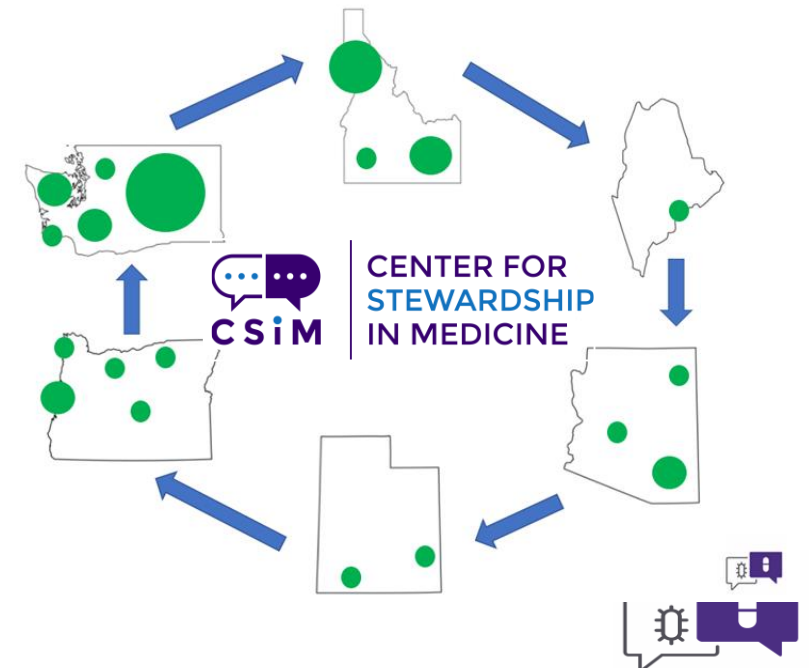

Heard is the word

UW CSiM: Allow me to introduce myself

- **Faculty:** Academic ID pharmacist + ID physicians + trainees
- **UW-CSiM participants:** 82 rural and critical access hospitals
- **Goal:** Tele-mentoring
- **Stewardship Activities:**
 - 6 years of weekly zoom didactic sessions
 - Site visits
 - Case presentations and discussion
 - Antibiotic pocket guide
 - Online toolkits and resources
 - Ongoing mentoring
 - Quality improvement initiatives (IQIC)

Introducing our Panel

Location:

Beds:

Staff:

Goal:

**Stewardship
Activities:**

Columbia Memorial Bets on Brett

- Location: Astoria, OR
- Beds: 25 bed Critical Access Hospital
- Staff: ~700 caregivers (Exec, Admin, Clinical, Non-clinical)
- Goal: Fulfill all requirements of Antimicrobial Stewardship
- Stewardship Activities:
 - Asymptomatic Bacteriuria workgroup/QIP
 - IP/OP Abx usage and prescribing habits- Appropriate? Duration? Route? At MD^T rounds daily
 - Culture monitoring, defined daily dose, dose monitoring, etc.
 - Local antibiogram, NHSN reporting, de-labeling false penicillin allergies
 - Cost and waste

Newport Hospital: Brandi Brings the Heat

- Location: Newport, WA (as far as you can get from the ocean and still be in Washington)
- Beds: 24 bed Critical Access Hospital
- Staff: 387
- Goal: To increase our stewardship practices as a hospital system for the benefit of our patients and community.
- Stewardship Activities:
 - Asymptomatic Bacteriuria workgroup/QIP
 - Blood culture contamination reduction
 - NHSN Reporting
 - Working on establishing an antibiogram
 - Daily Pharmacist rounding to discuss abx usage and possible changes

West Valley: Mia's in the house

- Location: Dallas, OR
- Beds: 6 inpatient > May 11th, 16 beds > June 28th, 25 beds
- Staff: 270 West Valley Hospital and Clinics, not including travel/agency staff at the hospital
- Goal: Work diligently towards meeting all the core elements and requirements of a successful AMS program
- Stewardship Activities:
 - Historical- reduction of Cipro DOT
 - Decreasing inappropriate vancomycin LD in ED
 - Adding indications to all antimicrobial orders
 - Current- IV to PO conversion
 - Dose Adjustment tracking
 - Asymptomatic Bacteriuria workgroup through CSiM
 - Local antibiogram
 - NHSN reporting, SAAR and DOT reporting

Collaborate

Collaborate or Hate

Collaborate 

- **Avoid reinventing the wheel**

- Sharing = caring
- Sharing = efficient

~~Or Hate~~ One is the Magic Number 

- **Process = people**

- People are different at each institution
- What works at one institution might not work at the next

Collaboration origin story

Has anyone asked you for a specific deliverable of your antimicrobial stewardship program?

Yes

No, my administration/leadership just told me to do "Antimicrobial stewardship"

Does your institution have an Emergency Department?

Yes

No

Do your providers order urine cultures?

Yes

No

Intensive Quality Improvement Cohorts

Meetings

- Monthly meeting (1h)
- Coaching sessions (30 min)
 - Monthly- Bimonthly

Day to Day Work

- Distributing education
 - Nursing huddles
 - Provider meetings
 - To Patients
- Tracking impact
 - Quality improvement goal
 - Antibiotic prescribing rates

Intensive Quality Improvement Program

Goal of cohort: To locally adapt antimicrobial stewardship strategies and optimize patient care

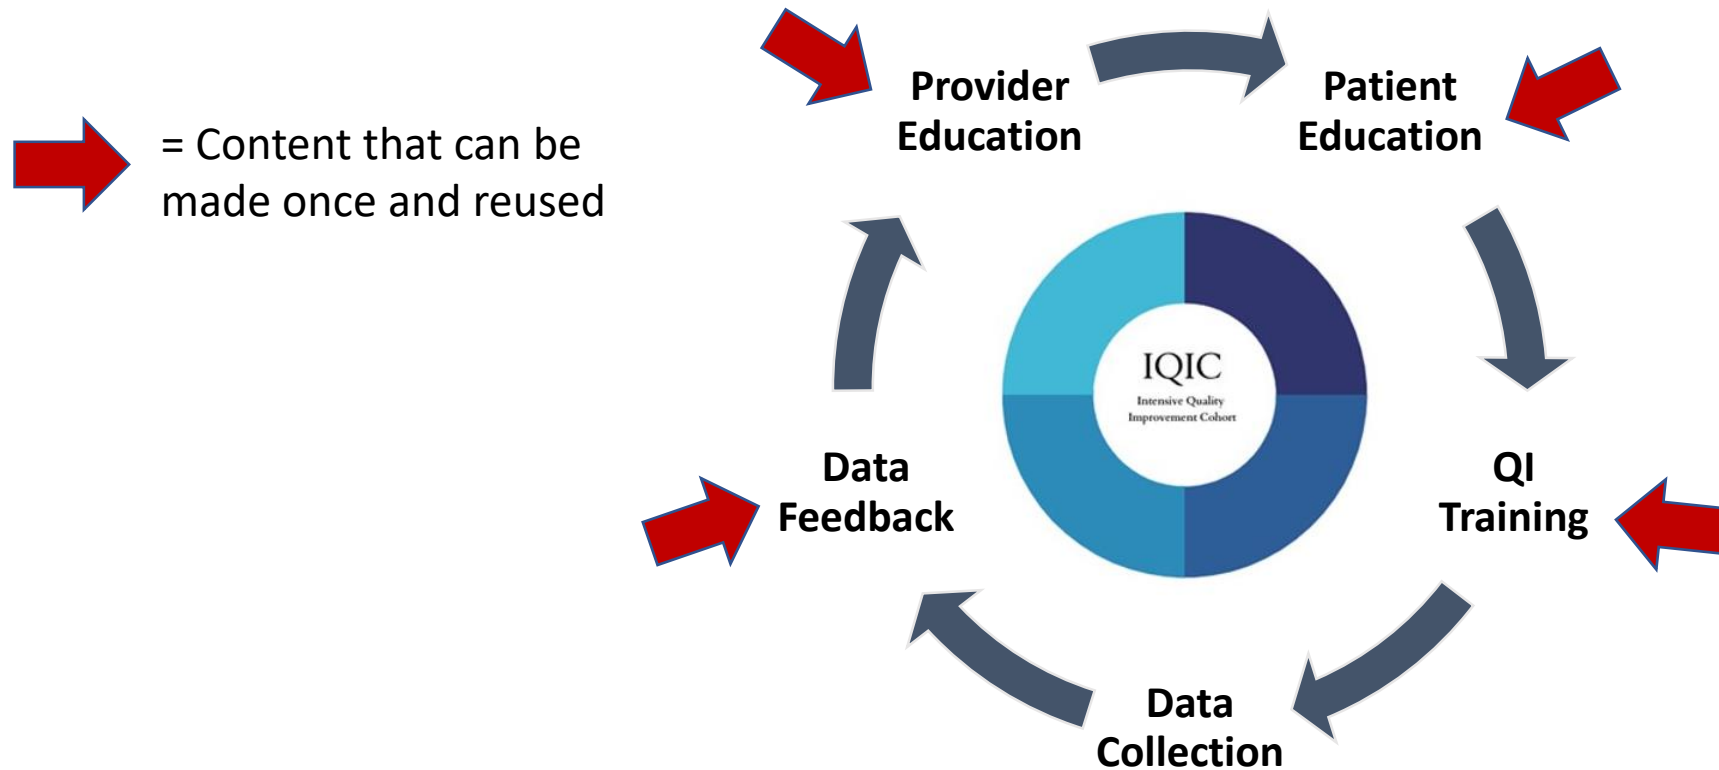

Utilizing a Multimodal Antimicrobial Stewardship Strategy

Intensive Quality Improvement Program

Goal of cohort: To locally adapt antimicrobial stewardship strategies and optimize patient care

Utilizing a Multimodal Antimicrobial Stewardship Strategy

Participation in an Intensive Quality Improvement Cohort

Who

participates in your institution?

Participation in an Intensive Quality Improvement Cohort

What was your expectation?

Participation in an Intensive Quality Improvement Cohort

Where are you focusing your quality improvement effort?

Participation in an Intensive Quality Improvement Cohort

How

has this cohort impacted your stewardship work

Barriers Encountered

Overcoming Barriers

& Listen

Collaboration Fails

It happens, here are some examples

Mistakes happen

Celebrate, learn from, and share them

Image from: <https://diplly.com/63858/13-people-who-got-super-creative-while-covering-up-tattoos-of-t>

Successful Collaboration is built upon a Strong Network

Building relationships = building your antimicrobial stewardship program

2023 ORH Hospital Quality Workshop
