Teams, as we enter this season of harvest, hot cocoa, and waning daylight hours, we'd like to take a moment to reflect and express our thanks.

We had an invigorating and inspiring all site meeting on 10/23 where representatives from most of our sites and teams were able to join us to

welcome one another and share the successes they have achieved over the last six months since our new network officially launched. We were able to applaud that we have top performing sites in all the studies, forge new connections among teams, and discuss opportunities to grow our network. Thank you! We have the privilege of collaborating with some of the most elite and experienced Emergency Care Research teams in the country as is evidenced by the success in trial enrollment. You are also all wonderful individuals and we thank you for always coming to the table with your ideas, energy, high expectations, and collaborative spirit. Collectively we have enrolled over 100 more subjects across trials than any other SIREN Hub! This is amazing work, and we are so proud of what we have all built together. Sometimes we forget to take a breath and really celebrate, but know that each and every person in this network IS MAKING A DIFFERENCE in this world. We hope you all take a moment to reflect on your success, thank those who have journeyed with you, and hold that joy of accomplishment in your soul and spirit throughout this season.

-Bory, Denise, Jenny and Mo

What ways have you celebrated your success? E-mail Jenny so we can feature your team and celebrations in an upcoming newsletter!

Quarterly team meetings

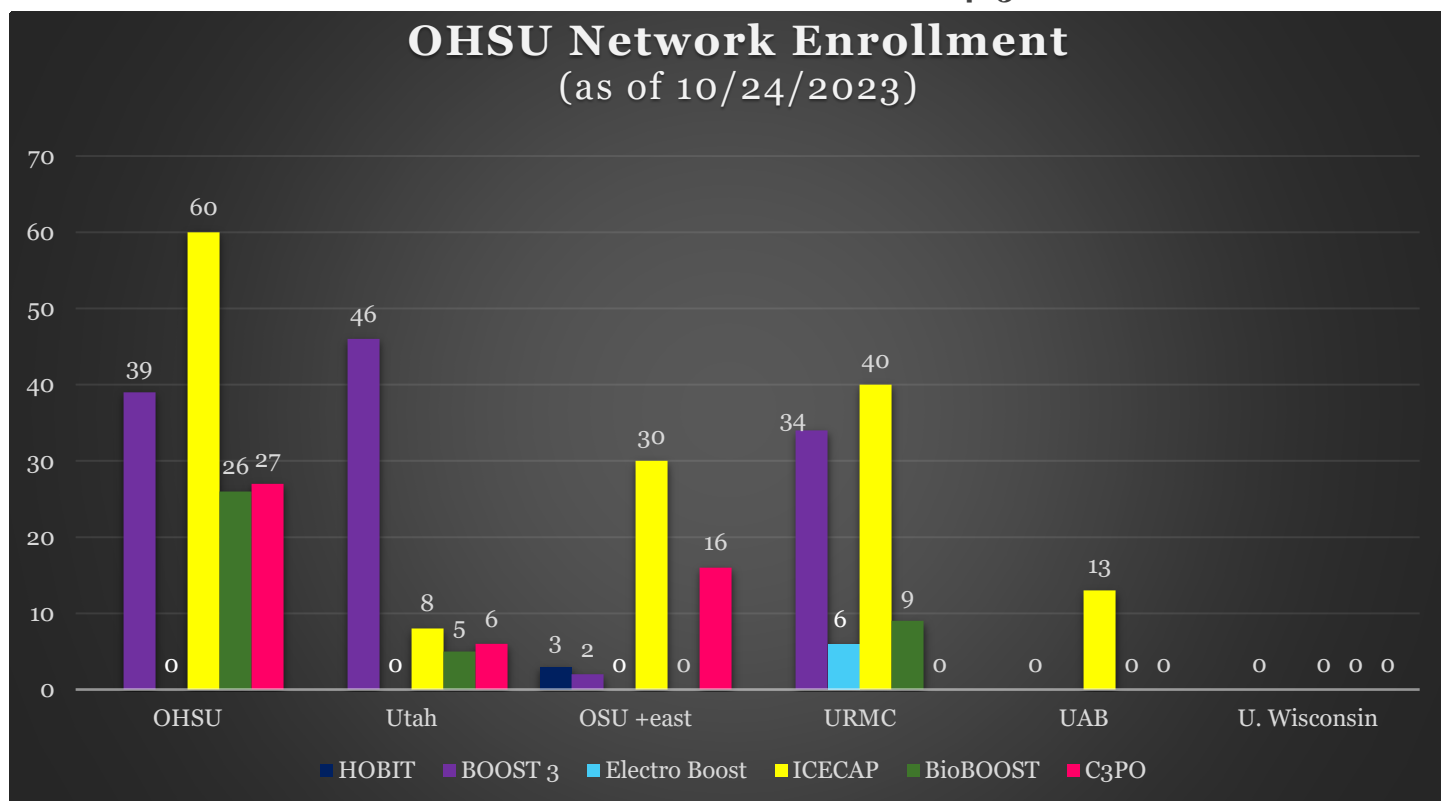

Our first meeting was a great success! Thank you for joining us, and to the few sites/individuals that weren't able to make it, we hope you will join us next time! Here's the planned 2024 meeting schedule.

- Monday, January 22, 2024 @noon Pacific
- Monday, April 22, 2024 @noon Pacific
- Monday, July 22, 2024 @ noon Pacific
- Monday, October 28, 2024 @ noon Pacific

NIH ANNUAL REPORT – ALL SITE ACTION NEEDED

Our annual report to the NIH on network progress is due soon. You will be receiving a request from Jenny (or may have already received one), for a brief description of your site and progress in each study throughout the year. Please return these to Jenny by end of business on 11/10. Thank you in advance for your help!

Total OHSU Network enrollment: 405

STANDARD OPERATING PROCEDURE (SOP) SPOTLIGHT

As a part of the new SIREN award notice, we will help facilitate the DCC efforts to distribute the SIREN general SOPs and training for our spoke sites.

Your site can access all SIREN SOPs at any time here: <https://siren.network/nett-resources/standard-operating-procedures>. We will also spotlight a monthly SOP in our newsletter for your review.

This month, please review the [Ancillary Study Development Process](#) SOP
