Cost: Free

Does planning for summer give you or your child anxiety? Is it difficult to find inclusive activities? If so, join us to speak with this small group of parents/caregivers about how they:

- Find inclusive camps
- Ask for Accommodations
- Pay for Class/Camp/Activities
- Keep teens engaged
- Find activities statewide
- Decide if an activity is a good fit

You will hear from other caregivers, learn what works for their children, and share ideas.

This session will be offered in Spanish on Thursday March 13th. For any other language please [request via email](#) by March 1st.

The Family to Family Health Information Center is a project of the Oregon Center for Children and Youth with Special Health Needs. It is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) (Grant # H84MC21658/Family Professional Partnerships)
