\$500 perioperative nurses

Definitive Surgical Trauma Course (DSTC™) & Advanced Surgical Skills for Exposure in Trauma (ASSET™) June 3-5, 2025

REGISTRATION OPEN

The DSTC™ course provides participants hands on opportunity to focus on

- surgical decision making in complex scenarios
- operative technique in critically ill trauma patients
- insight into difficult trauma situations, especially in: handling major thoracic, cardiac and abdominal injuries
- techniques of hemorrhage control

The ASSET™ course uses human cadavers to teach surgical exposure of anatomic structures that when injured may pose a threat to life or limb. Course Objectives:

- Apply knowledge of key anatomical exposures for the care of acutely injured surgical patients.
- Demonstrate technical ability to expose important structures that may require acute surgical intervention to save life or limb.
- Perform anatomic exposures independently.

CME Accreditation Statement for DSTC™

This activity has been planned and implemented by the Trauma Center Association of America and DSTC-OHSU. TCAA is accredited by the Accreditation Council for Continuing Medical Education (ACCME).

Physician CME: The Trauma Center Association of America designates this live activity for a maximum of 10.5 AMA PRA Category 1 CreditsTM. Physicians should claim only the credit. Commensurate with the extent of their participation in the activity.

Nursing CE: The Trauma Center Association of America is approved by the California Board of Registered Nursing, Provider Number 16459 for 10.5 contact hours.

Certificate must be retained for 4 years after date of issue. Nurses should claim only credit commensurate with the extent of their participation in the activity.

CME Accreditation Statement for ASSET™

The American College of Surgeons is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA PRA Category 1 Credits™

The American College of Surgeons designates this live activity for a maximum of <u>7.5</u> AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Of the AMA PRA Category 1 Credits™ listed above, a maximum of <u>7.5</u> credits meet the requirements for Self-Assessment.

Of the AMA PRA Category 1 Credits™ listed above, a maximum of 7.5 hours meet the requirements for Trauma.
