

# SPARK-PICU NEWSLETTER

## Quick Insights: Recruitment

SPARK-PICU began recruiting participants on January 2, 2025. We now have a total of **115** participants enrolled! This number only reflects the kids we have in the study, so a big shoutout to the Caregivers that are helping their children complete their surveys!

Our goal is to recruit 450 Participants!

Continue to watch us get closer to our goal!

Out of the **115** of you:

**93** have completed the *First* Timepoint

**52** have completed the *Second* Timepoint

**16** have completed the *Third* Timepoint

## We are here to help!

Please contact us if you have ANY questions or concerns regarding the study!

We are so grateful for your participation, thank you!

## All About Actiwatches!

Your child will be wearing an Actiwatch for 7 days at Timepoints 2, 3 and 4. Please keep the box the Actiwatch arrives in, you will use that to return the Actiwatch to your local FedEx location!

Need new return supplies? Just ask, we are happy to send you a new return label/box!

Don't have time to return your watch? Reach out to us for other available options!

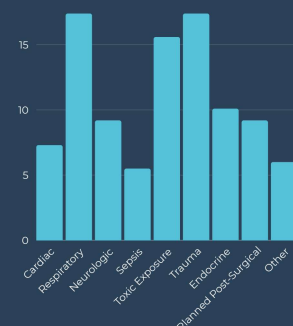

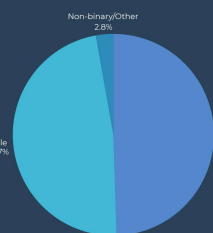

## Survey says... We Need You!

We know your life is busy, but we love to have your survey results as soon as possible! If you must step away from your survey, write down the code that is provided so you can reenter your survey!

Also - while your child wears their Actiwatch, they receive AM and PM surveys that expire at MIDNIGHT! Please try to get these completed before then!

## Participant Demographics:

## Study Timeline & Compensation:
