

Prerequisite List for: Applicants with Associate's Degree in Radiologic Technology

Student Name: _____

Email: _____ Phone: _____

Instructions:

1. Download your unofficial transcripts, including course names, term completed, & final grades, from each institution you have attended.
2. Complete the form below by listing the prerequisites you have already completed.
3. If you attended a semester* school, keep in mind:
 - a. OHSU converts semester to quarter credits by multiplying by 1.5 to obtain the transfer credit value.
 - b. For our science requirements, a **full course series** at a **semester-based school** may include **2 courses**, while the same series at a **quarter-based school** may include **3 courses**.

	Prerequisites	Course Name	Course #	Credits	Semester or Quarter	Letter Grade	School Name	Year
Writing	English Composition I							
	English Composition II							
	Technical Writing							
Humanities (9-12 credits)	Any							
	Any							
	Any							
Social Science (9-12 credits)	Human Development (3 cr.)							
	Any							
	Any							
College Math	Precalculus I/ College Algebra							
	Precalculus II/ Trigonometry							
Other	Medical Terminology							

Prerequisite List for: Applicants with Associate's Degree in Radiologic Technology

Next Steps:

1. Send unofficial transcripts (in PDF format) and this completed document to: rttprogram@ohsu.edu
2. The RTT Program will review and follow up with you via email.

Commonly Asked Course Equivalent Questions:

1. ***What is the difference between a Semester and Quarter credit system?** Quarters (Fall, Winter, Spring, Summer) are generally 12 weeks. Semesters/Trimesters (Fall, Spring, Summer) are generally 16 weeks. Be sure to indicate whether each course was completed on a **semester** or **quarter** system. This helps us accurately evaluate your coursework. OHSU converts semester to quarter credits by multiplying by 1.5 to obtain the transfer credit value. For the purpose of this form, please only list the exact credits you completed.
2. **What is Technical Writing?** Introduces technical and professional communications. Students compose, design, revise, and edit effective letters, memos, reports, descriptions, instructions, and employment documents. Emphasizes precise use of language and graphics to communicate complex technical and procedural information safely, legally and ethically. Depending on your school, this course could fall under Writing, English, or Communication in your course catalog.
3. **What is Human Development?** Most commonly a psychology class. Surveys major developmental theories and patterns of change and continuity from birth to death in human subjects. Emphasizes biological, cognitive, and emotional development through the lifespan. Examines cultural influences on development.

Prerequisite List for: Applicants with Associate's Degree in Radiologic Technology

4. **What count as Humanities?** Common Humanities courses include: Art history, communications, English, ethics, film/media studies, foreign language/ASL, linguistics, humanities, journalism, law, literature, music, philosophy, religion, public speaking, theater arts, or similar discipline as approved by the OHSU Registrar. Please note that studio arts, such as painting, drawing, ceramics, sculpture, photography **do not qualify**.
5. **What count as Social Science?** Common Social Science courses include: Anthropology, criminal justice, cultural geography, cultural studies, economics, environmental studies, gender studies, women's studies, ethnic studies, gerontology, history, international studies, political science, psychology, social justice, sociology, or similar discipline as approved by the OHSU Registrar. Please note that business classes **do not qualify**.
6. **What if I placed into higher level math?** We accept calculus classes toward our math requirement.
7. **Can statistics satisfy the math requirement?** No, we cannot accept statistics toward our math requirement. OHSU requires a minimum of 3 credits of transcribed math coursework. The OHSU Radiation Therapy Program requires at minimum the equivalent of pre-calculus mathematics with trigonometry, or higher level math such as calculus.
