Currently Recruiting

CRC TA—— Two-part Webinar on Improving Colorectal Cancer Screening through Patient Outreach

Topic: To learn about ways that primary care clinics have successfully improved their colorectal cancer screening rates. Colorectal cancer is the second leading cause of cancer related death in the United States. We will explain how to use mailed fecal immunochemical tests (FIT) and navigating patients to screening services to increase cancer screening and early detection, with the opportunity to get one-on-one expert support for your practice after the webinars. This two-part webinar will be held on Feb. 25 and Mar. 4 at noon PST.

PI: Jennifer Coury, M.A.

Funder: Oregon Health Authority

Term: 2020-2026

ORPRN Contact: Jess Leroux leroux@ohsu.edu

PARADE — Parent-Assisted Remote Assessment of DERMatitis

Topic: Determine the feasibility and accuracy of diagnosing new-onset atopic dermatitis virtually in a pediatric cohort using parent-reported validated diagnostic criteria with photographic documentation using a novel mobile application.

PI: Eric Simpson, M.D.

Funder: NIAMS

Term: 2024-2027

ORPRN Contact: Laura Ferrara, M.A.,
parade@ohsu.edu

SMBP – The Self-Measured Blood Pressure Study

Topic: To learn more about pharmacist support for high blood pressure. We are hoping to find out if working with both a pharmacist and a primary care team helps patients monitor and lower their blood pressure more effectively than working with only the primary care team.

PI: Annette Totten, Ph.D.

Funder: Patient Centered Outcomes Research Institute (PCORI)

Term: 2025-2029

ORPRN Contact: Cort Cox, B.S.,
coxcor@ohsu.edu

Active Projects

BH Modeling—Oregon Behavioral Health Modeling Project

Topic: In partnership with Health Share of Oregon and the Oregon Behavioral Health Coordination Center (OBCC), we are building simulation models of current acute mental health systems in the Portland tri-county area and across the state. These models will support policy makers in identifying gaps and guide strategic investments to better meet the needs of people in acute mental health crisis.

PI: Erin Kenzie, Ph.D., Kristen Hassmiller-Lich, Ph.D., Alex Nielsen, Ph.D.

Funder: Oregon Legislature and Health Share of Oregon

Term: 2023-2026

ORPRN Contact: Isabel Stock, M.P.H., stocki@ohsu.edu

CARAVAN — The MISSION Act's Impact on Rural Veteran Access to and Experience of Care

Topic: A qualitative and quantitative examination of impact of Congress' VA MISSION Act (June 2019) on rural veterans' access to and experience of care in rural Western states.

PI: Melinda Davis, Ph.D.

Funder: Department of Veterans Affairs

Term: 2019-2026

ORPRN Contact: Mary Patzel M.B.A., CARAVAN@ohsu.edu

CEAL—Network for Community-engaged Primary Care Research (NCPCR)

Topic: The CHW-SYSTIM (Community Health Workers SYStematically assessing and addressing social determinants of health To Improve) research study aims to help people living with diabetes and high blood pressure at community health centers. Community Health Workers (CHWs) screen patients about their social needs and strive to get them the necessary help. The study is part of the Community Engagement Alliance (CEAL) program which uses community-engaged research in primary care settings.

PI: Paula Darby Lipman, Ph.D. (WESTAT)

Funder: NIH National Heart, Lung, and Blood Institute

Term: 2022-2026

ORPRN Contact: Caitlin Dickinson, M.P.H., summerca@ohsu.edu

Deflection Technical Assistance

Topic: Provide technical assistance to counties, law enforcement and behavioral health providers to support Oregon's implementation of behavioral health deflection programs as directed in House Bill 4002.

PI: Nancy Goff, M.P.H. and Dan Hoover, M.D.

Funder: Oregon Criminal Justice Commission (CJC)

Term: 2024-2027

Contact: Nancy Goff, M.P.H., goffna@ohsu.edu

Disability Webinars

Topic: In partnership with Oregon Office of Disability Health, recruit 50 providers to take a 35 min webinar training for free CME. The webinar will provide providers with tools to better treat and community with patients who have physical and/or mental disabilities.

PI: Willi Horner-Johnson, Ph.D.

Funder: Oregon Office on Disability and Health

Term: 2022-2026

ORPRN Contact: Cort Cox, B.S., coxcor@ohsu.edu

GWEP — Geriatrics

Workforce Enhancement Program

Topic: Increase Oregon's healthcare workforce, community organization, and caregiver capacity to care for older adults and develop reciprocal partnerships with primary care delivery sites that foster age-friendly health systems.

PI: Laura Byerly, M.D.

Funder: Bureau of Health Professions/HRSA/DHHS

Term: 2024-2029

ORPRN Contact: Caitlin Dickinson, M.P.H., summerca@ohsu.edu

Handbook For Health IT Advisors And Practice Facilitators Revision

Topic: Enhance and expand the existing handbook for Health IT advisors and practice facilitators.

PI: Melinda Davis, Ph.D.

Funder: Agency for Healthcare Research and Quality

Term: 2025-2026

ORPRN Contact: Jennifer Coury, M.A. coury@ohsu.edu

HEAL-OR

Topic: HEAL-OR is a five-year project focusing efforts in six rural counties in Oregon. Primary activities include: creating a rural advisory panel; utilizing the Project ECHO learning community model to improve access and quality of care in rural Oregon; partnering with Coordinated Care Organizations to guide ECHO programs; and creating a best-practice toolkit.

PI: Jonathan Betlinski, M.D.

Funder: DHHS HRSA Office of Rural Health Policy

Term: 2021-2026

ORPRN Contact: Maggie McLain McDonnell, M.P.H., healor@ohsu.edu

OEN — Oregon ECHO Network

Topic: A tele-mentoring education model designed to build the capacity of primary care clinicians and educate clinical teams on a variety of topics.

Funder: Various, including CCOs, Department of Human Services, and the Oregon Health Authority

Term: Ongoing

ORPRN Contact: Maggie McLain McDonnell, M.P.H., mclainma@ohsu.edu

Web Link: www.oregonechonetwork.org

PATHFINDER 2 — Clinical Trial of a Multiple Early Cancer Detection Test in Partnership with Knight Cancer Institute

Topic: Testing how well an early tests can detect many types of cancer via simple blood draw.

PI: Tomasz Beer, M.D.

Funder: GRAIL

Term: 2022-2027

ORPRN Contact: Laura Ferrara, M.A. CCRP, ferraral@ohsu.edu

PRaCTiCe — The Primary Care Rural and Frontier Clinical Trials Innovation Center

Topic: Co-led by the Directors of ORPRN and WPRN and will synergistically utilize strengths from each PBRN and affiliated CTSA to include four hubs focused on community engagement, recruitment, communications, and data coordination.

MPi: Melinda Davis, Ph.D. and Allison Cole, M.D. (University of Washington)

Funder: NIH Office of the Director

Term: 2026

ORPRN Contact: Caitlin Dickinson, M.P.H., summerca@ohsu.edu

PREVENTABLE —

PRagmatic EValuation of evENTs And Benefits of Lipid-lowering in oldEr Adults

Topic: Evaluate the benefit and risks of moderate-intensity statin for preventing dementia and prolonging disability-free survival in a diverse population of patients 75 years and older without heart disease.

PI: Karen Alexander, M.D. (Duke University)

Funder: NIH National Institute on Aging

Term: 2023-2027

ORPRN Contact: Victoria Sanchez, M.S., sanchvic@ohsu.edu

RSELVES — Remote Sensing of (Older Adult Partners') Engagement In Life And Variability In Everyday Support

Topic: To better understand how couples social and physical routines can affect health and aging.

PI: Lyndsey Anderson, Ph.D.

Funder: National Institute on Aging

Term: 2022-2027

ORPRN Contact: Victoria (Kati), M.S., PMP, sanchvic@ohsu.edu or rselves@ohsu.edu

SAINTS — Safety Integration Stakeholders

Topic: A safety training randomized control trial for critical access hospital staff to reduce patient falls and worker injuries.

PI: David Hurtado, Sc.D.

Funder: Agency for Healthcare Research and Quality

Term: 2023-2028

ORPRN Contact: Kendall Dunlop-Korsness, M.P.H., dunlopko@ohsu.edu

ScreenWise

Topic: Develop a readiness assessment for the ScreenWise Program which aligns with CDC data measures to reduce disparities in breast, cervical, and hereditary cancer morbidity and mortality, assess clinic data collection capacity and screening practices, develop a learning collaborative focusing on EBI implementation.

PI: Melinda Davis, Ph.D.

Funder: Oregon Health Authority

Term: 2023-2026

ORPRN Contact: Isabel Stock, M.P.H., stocki@ohsu.edu

Tobacco Cessation Technical Assistance

Topic: Provide expert subject matter technical assistance (TA) to address disparities in colorectal cancer (CRC) screening for health systems partners, through the use of evidence-based interventions and quality improvement practices

PI: Melinda Davis, Ph.D.

Funder: Oregon Health Authority

Term: 2024-2026

ORPRN Contact: Isabel Stock, M.P.H., stocki@ohsu.edu
