

RESEARCH PARTICIPANTS NEEDED!

Compensation via gift card available upon completion of initial and follow-up surveys.

Receiving Adults with Complex Childhood-Onset Disease

Many children with long-term health problems now live into adulthood. What do adult-trained doctors need to learn to take better care of these patients?

Cystic Fibrosis

Cerebral Palsy

Bronchopulmonary
Dysplasia

Congenital
Heart Disease

Trisomy 21

Muscular
Dystrophy

Help us create a community concept map to find out!
