Welcome to Endodontic Care

Root Canal Referral – Action Needed

Your dentist has referred you for a root canal. Please call us at **503-494-4248** **within 2 weeks** to confirm if you'd like to proceed. If we don't hear from you, we will cancel the referral and let your dentist know.

Who we are: Root canals are done at the OHSU School of Dentistry by dental students (under expert supervision) or dentists training to be root canal specialists. We are located on the South Waterfront.

Appointments: Most root canals need **1–2 visits**. Complex cases may need a separate evaluation first (1–2 hours). Treatment visits last **2–3 hours**.

After the root canal: You'll need a **permanent filling or crown**. This can be done at our clinic or by your regular dentist. It's a separate procedure with an extra cost.

Insurance: We bill most insurance plans, including Delta Dental, Oregon Health Plan, and Washington Apple. Our team can help with your questions.

Cost: Prices depend on your case and whether you're seen by a student or specialist. You'll get a cost estimate before treatment.

Sample Costs:

Graduate Endodontic Clinic (for complex cases):

- Evaluation: \$107–\$377 (with imaging)
- Root Canal: \$529–\$852 depending on tooth
- Surgery: \$279–\$446

Predoctoral Clinic (for simpler cases):

- Evaluation: \$76–\$152
- Root Canal: \$385–\$604
- Retreatment or surgery: Not offered

Payment:

Full payment is due at the time of your visit.

- Pay in full without insurance? Get **35% off** (student clinic) or **25% off** (graduate clinic).
- We do **not** offer payment plans but accept **CareCredit** (www.carecredit.com | 800-677-0718).

Remember, you must call 503-494-4248 to process your referral.

We look forward to your call and taking care of your endodontic dental care needs.

2730 South Moody Ave., Portland, OR 97201
