Information for 911 Dispatchers

HERO Kids Registry is a statewide system for EMS agencies and hospital Emergency Departments. It provides them access to critical health information for patients age 0-26. Nearly every county has registrants with more enrolling monthly.

Dispatchers should expect:

The person calling 911 may tell you that the patient is in the HERO Kids Registry and may give you the patient's HERO Kids Registry ID number.

Dispatchers can:

Tell EMS that their patient is in the HERO Kids Registry. If available, provide the patient's HERO Kids Registry ID number.

Note: HERO Kids Registry information is only available to EMS and ED providers.

HERO Kids Registry is operated at OHSU and is a partnership between Oregon Center for Children and Youth with Special Health Needs and Oregon EMS for Children program.
