APPLICATION INSTRUCTIONS

Combined Master of Science & Dietetic Internship Program

Thesis and Non-thesis Options

OHSU GRADUATE PROGRAMS IN HUMAN NUTRITION
PORTLAND, OREGON

APPLICATION

Applications to the combined Master of Science in Human Nutrition (MS)/Dietetic Internship (DI) program at OHSU must be completed through the Dietetic Internship Centralized Application Services (DICAS) and includes the following components:

TO BE SUBMITTED THROUGH DICAS

☐ All sections of the DICAS application
☐ Official transcripts from all colleges and/or universities attended
☐ Three references (at least one from a DPD faculty member)
☐ Personal statement
☐ Additional essay questions
☐ Current resume

TO BE SUBMITTED ONLINE DIRECTLY TO OHSU

☐ OHSU supplemental application
☐ Application fee

Please review the sections below for more information on each component of the application.

DICAS

DICAS will be available December 2017 for the Spring 2018 match. The online application must be completed for our program by 11:59 p.m. Central Time on February 15, 2018. Applicants must create an account with DICAS and complete all application components within the online application.
THESIS VS. NON-THESIS OPTION

Applicants must select at the time of their DICAS submission to apply to the thesis or non-thesis option, or both. The thesis and non-thesis options have their own program designation in DICAS.

PERSONAL STATEMENT

Applicants should address the following questions in the personal statement submitted through DICAS (limit 1,000 words).

- Why do you want to enter the nutrition and dietetics profession?
- What specific experiences have helped to prepare you for a career in nutrition and dietetics?
- What are your short-term and long-term professional goals?
- As you’ve read on our website, our program has a concentration in community outreach, yet a clinical focus. Describe how the focus of our program will meet your career goals and interests.
- Why are you applying to pursue a Master's Degree?
- What relevant research, teaching, publishing, and/or volunteering experiences have you had that will contribute to your success in our program?
- Describe one or two areas where you would hope to focus your thesis (thesis-option) or capstone (non-thesis option) project. For those applying to both the thesis and non-thesis option, please address thesis research interests in the personal statement for the thesis option application and capstone project interests in the personal statement for the non-thesis option application.

ADDITIONAL ESSAY QUESTIONS

Applicants must submit responses to three of the six following additional essay questions. Please limit responses to 350 words for each question. Responses must be uploaded to DICAS as a supplemental PDF.

1. Acknowledging that all ten attributes listed below are important for professionalism, which one of the following attributes do you believe is the most important and which one do you believe is the least important in professionalism, and why? Appearance, demeanor, reliability, competence, ethics, maintaining your poise, phone etiquette, written correspondence, organizational skills, and accountability.

2. Many of our students share that the internship is one of the best, yet most challenging years of their lives. Tell us how you plan to be successful in this fast-paced, challenging environment.

3. What community or client population do you hope to serve and how have your previous experiences prepared you for this role?
4. Discuss an experience in your life that demonstrates your resilience.

5. Describe a time when you did not receive what you felt you deserved, and how you reacted.

6. Please discuss the diversity that you would bring to the OHSU Graduate Programs in Human Nutrition and nutrition and dietetics. Please visit the website for OHSU's Center for Diversity and Inclusion for more information.

**GRE SCORES**

While the program no longer requires the GRE for admission, applicants are welcome to submit their scores to OHSU.

**OHSU SUPPLEMENTAL APPLICATION & APPLICATION FEE**

Applicants must complete an online OHSU Supplemental Application to be submitted with the application fee of $70. The supplemental application must be completed no later than February 15, 2018. Applications will not be considered if the supplemental application and application fee are late or not received.

The supplemental application is required by OHSU, and information on the supplemental application will not be used in the selection process, but could be used to nominate new students, once accepted, for available scholarships. For detailed instructions on completing the supplemental application, please visit our website.

**PLEASE NOTE**

Applicants only submit one application fee in the amount of $70 even if applying to more than one internship or MS program at OHSU.

McNair Scholars: Please submit a completed TRiO waiver form with your OHSU Supplemental Application to apply for a refund of the $70 application fee.

**INTERVIEWS**

Applicants may receive a request for an additional survey and brief virtual interview with the Master's Program Director and Master's Program Coordinator; however, an applicant who is not contacted for an interview should not assume that he/she has been dismissed from consideration by the program.
COMPUTER MATCHING

Applicants to the MS/DI must participate in computer matching through D&D Digital, and should carefully review their responsibilities related to computer matching at ACEND's Applicant Responsibilities webpage. When completing the DICAS application, applicants must provide a phone number and email address where they can be reached, if necessary, on Appointment Day.

On Appointment Day, matched applicants must contact the Dietetic Internship Director by phone or email to confirm acceptance of the match. The Dietetic Internship Director, Diane Stadler, PhD, RD, LD, can be reached at (503) 494-0168 or stadlerd@ohsu.edu. The Dietetic Internship Director will reply to phone and email messages to acknowledge the program's receipt of the acceptance by the end of Appointment Day.

To learn more about the computer matching process, please visit the Academy of Nutrition and Dietetics Computer Matching Policy and Procedures webpage at D&D Digital.

PROGRAM CODES

OHSU MSDI – Thesis option: 129

OHSU MSDI – Non-thesis option: 803
