The goal of this program is to engage scientific curiosity in the next generation of scientists, challenging qualified college undergraduates to consider basic science research-related careers and providing them with initial experiences required to be competitive for science related continued education and careers in the future.

THE CDCB SUMMER INTERNSHIP OFFERS
• Direct hands-on experience in running basic lab techniques.
• An introduction to experimental design and critical thinking.
• Participation in a guided project facilitated by a departmental researcher.
• Development of written and oral communication skills.
• Various networking opportunities with a community of scientists.
• Both wet and dry lab experiences are available.

WHEN WILL THE INTERNSHIP TAKE PLACE?
Our 9 week internship program begins on Tuesday, June 5, 2018 and ends on Friday, August 10, 2018.

WHERE WILL THE INTERNSHIP TAKE PLACE?
The Department of Cell, Developmental & Cancer Biology and Knight Cancer Institute Laboratories on the OHSU Marquam Hill Campus in Portland, OR.

WHERE CAN I APPLY?
View departmental research and find the program application at www.ohsu.edu/cdcb. All application materials are due by February 15, 2018. No late applications will be accepted.
