CDCB Summer Research Internship

Submission Dates: Please submit your application by February 15, 2018. No late applications will be accepted.

Overview
The goal of this program is to engage scientific curiosity in the next generation of scientists, challenging qualified college undergraduates to consider basic science research-related careers and providing them with initial experiences required to be competitive for science related continued education and careers in the future.

The CDCB Summer Internship Offers
• Direct hands-on experience in running basic lab techniques
• An introduction to experimental design and critical thinking
• Participation in a guided project facilitated by a departmental researcher
• Development of written and oral communication skills
• Various networking opportunities with a community of scientists
• Both wet and dry lab experiences are available.

When will the internship take place?
Our 9 week internship program begins on Tuesday, June 5, 2018 and ends on Friday, August 10, 2018.

Where will the internship take place?
The Department of Cell, Developmental & Cancer Biology on the OHSU Marquam Hill Campus in Portland, OR.

Eligibility
• We are looking for motivated college undergraduates with a strong interest in a career in biomedical sciences and who have completed introductory science courses.
• Students must be available and present for the duration of the internship, no vacations/breaks may be taken.
• Unfortunately, we are unable to provide visas to foreign students.

Application instructions
I. Online form: Please fill out the online form to be considered (see link).
https://app.smartsheet.com/b/form/fc5360f583f14e6789ae7d17498e2b9e

Contact information for 2 recommenders is preferred, but not required. Each listed recommender will receive a separate email with a link to submit a letter of recommendation.

II. Upload supporting documents
You will need to compile the following documents into ONE PDF and upload in the form:
• Your resume: highlight science courses and relevant lab experience, if applicable.
• A one page single-spaced essay on why you are applying and how you expect the experience to facilitate your career goals. Highlight previous laboratory experience if applicable.
• Official transcript(s) for the last 12 months.
