All OHSU students, postdocs, residents, faculty and staff are invited to bring your lunch to an open discussion to acknowledge and proactively address sexual harassment issues. This session will focus on introducing resources on campus, including AAEO/Title IX, Ombusman, Resident & Faculty Wellness, Joseph B. Trainer, CDI, and others.

Our overarching goal is to create a culture of respect at OHSU, and this begins with an awareness of resources, active listening, and open dialogue.

Sexual Harassment and Awareness Series Learning Objectives:

1. Participants will be able to define and identify sexual harassment.
2. Participants will be able to identify relevant resources on campus, including the Ombudsman, AAEO/Title IX, and confidential consultations.
3. Participants will be able to identify and develop skills to become an ally or advocate.
