

PRESENTATION FORMAT AND TIME LIMITATIONS

8th Annual Research Retreat for the Dept. of Radiation Medicine

Saturday, November 1st, 2014

Kenneth Stevens, Jr. Conference Center, 4th floor Peter Kohler Pavilion

3181 SW Sam Jackson Park Road

7:30 AM – 11:45 AM

Because of the total number of speakers and project areas to be presented in a very short time, and also to be fair to everyone involved, we will adhere to a very strict time schedule.

Each Investigator who is to present shall use no more than 1 title slide and 10 presentation slides (described below).

Each Investigator will be allowed 8 – 10 minutes to present.

TITLE SLIDE

One slide should list the Investigator's:

NAME:

DEPARTMENT:

TITLE:

KNIGHT RESEARCH APPT:

KNIGHT SHARED RESOURCES:

DEGREE, INSTITUTION AND YEAR:

SPECIALTY TRAINING:

CURRENT AREAS OF EXPERTISE:

PRESENTATION SLIDES 1 -8

Should list the major research approaches used (type(s) of study or assay)

(e.g., IGRT-based, animal models, liposomes, signaling, computer imaging algorithm, outcome modeling, genomics/proteomics, clinical trial, drug/XRT study, etc).

For each of the approaches, the project areas to which they are applied should be listed and very briefly described.

PRESENTATION SLIDE 9

On this summary slide, for each project discussed above, there should be a statement of the Title, the funding source, the current project period, and the total and current funding.

PRESENTATION SLIDE 10

On this summary slide, for each project listed, the collaborating investigators and institutional/department/center affiliations should be listed.

PRESENTATION SLIDE 11

Future directions (grants applied for) & listing of manuscripts from your group on this research topic

NOTE:

*Please Email your power point presentation to either Mr. Ryan Bjerke or Dr. Charles Thomas @ email address: bjerker@ohsu.edu, thomasch@ohsu.edu by **Friday, October 31th, 2014***
