Accreditation

Oregon Health & Science University School of Medicine is accredited by the Accreditation Council for Continued Medical Education to provide continuing medical education for physicians.

Course Objectives

The 16th Annual Hematology and Breast Cancer Update is a multiple-day course designed for hematologists and oncologists in clinical practice. Our faculty will provide review and updates on a wide range of current topics in hematology and breast cancer therapy. Expert analysis and interpretation of the latest findings from the 2014 American Society of Hematology and the 2014 San Antonio Breast Cancer meetings will provide a bridge between research and practice.

At the conclusion of the course, participants will have learned about:

- How to incorporate the latest findings in hematology research into their practice
- New therapies for hematologic malignances, including novel therapies for myelodysplasia and myeloproliferative syndrome
- New diagnostic and treatment options for idiopathic thrombocytopenic purpura and thrombosis
- Updates in the treatment of local and advanced breast cancer

Credit

OHSU School of Medicine, Division of CME, designates this activity approved for a maximum of 12 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Accommodations

For reservations please call the Sentinel Hotel directly at 503 224-3400 or 888 246-5631.

Location

The course will be held at the Sentinel Hotel.
614 S.W. 11th Ave.
Portland, OR 97205
